Page: 397

 is how the **Aquari** Races will call, alright They won't like call on the

 was after the **Aquari** Lines that we were modeled in the first place when

 If you have **Aquari** Codes put on top of that which means you have

 group called the **Aquari** from elsewhere, but they also carried the codes of Angelic

 **Aquari** codes. They had to do with a very specific set
 Krystal Heart of **Aquari** passages. That is the process that began in Peru. We

 bioregenesis codes of **Aquari** from Seeding 3 -this seeding that we're in. Most
 Most of the **Aquari** codes correspond to those that were seeded anywhere between 11,000
 group of these **Aquari** coded humans and Indigos that carry what are called the

Page: 13

 Four Hearts of **Aquari** running up. Somewhere down in here we've got Earth. This

Page: 14

 because of the **Aquari** codes that we carry, and because of the Aquafereion NaVAHo

Page: 18

 Krystal Heart of **Aquari** healing programs. I believe they are going to introduce those

Page: 21

 or anyone with **Aquari** human or those kind of codes, they originally came out
 matrix or the **Aquari** matrix. But, they can also cross over into other systems

Page: 22

 given from the **Aquari** side. So, either way we're being trained for- it's kind

Page: 23

 toward Indigos and **Aquari**. Most people aren't Angelic Humans that come here unless they
 they are upgraded **Aquari** Angelic Humans, because the detail of the information of the

 are more pure **Aquari**. They will teach you the big hard stuff, as far
 human and part **Aquari**. They will assist you. They will be your greeters, but

Page: 64

 ones of the **Aquari** lines have that Not all of them do, and it's

Page: 66

 happy with the **Aquari** races right now, because we've managed to actually do what

Page: 73

 you know, the **Aquari** races of the Krystal River Councils realized it was probably

Page: 74

 human and part **Aquari** and having them on Earth, that was done in the
 one of the **Aquari** groups but they're not dragons at all, but some of

Page: 75

 us. Even the **Aquaris**, you know, the Aquari humans still have this issue because
 you know, the **Aquari** humans still have this issue because if you're down here,
 coding from the **Aquari** level coming in and the Aquafereion Shield to repair our

Page: 77

 plenty of the **Aquari** up on Urtha very willing to help, and the Aquafereions
 also call it **Aquari**, the planet Aquari. And I'm wondering how much water it
 Aquari, the planet **Aquari**. And I'm wondering how much water it might have on
 to it as **Aquari**, the water planet, Uh-oh. (laughing). I don't even
 breathing air. The **Aquari** can do that They have underwater cities and things like

Page: 82

 Indigos and the **Aquari** have been listening. The Angelic Humans, a few here and

Page: 83

 Angelic Humans with **Aquari** coding and stuff because we have an advantage. We have

Page: 91

 here and the **Aquari** came down from Urtha in order to create that was
 they seeded the **Aquari** line humans here in the Aquari line cloisters. So, there's
 here in the **Aquari** line cloisters. So, there's one more up from there, it's

Page: 98

 of New Urtha, **Aquarius**. That, if I need to remind you, if you have

Page: 108

 walk. Like an **Aquari** cat walk model. They float Except like tonight when I

Page: 124

 Krystal Heart of **Aquari** Codes or Aquafereion Codes. These are passages that exist within
 the Aquafereion or **Aquarian** Matrix if that's where you came from, but if not
 responded to the **Aquari** Code call has a part of it. You would have

Page: 147

 it's not the **Aquari** Blue. That one comes in out here. But the ...

Page: 161

 a star, called **Aquarius**, which is the Aurora New Earth Ascension Planet. It is
 not the light **Aquari** color. And that Krystal you will set down. Imagine you

Page: 165

 was called the **Aquari** Call and it has to do with people responded to
 gene codes, the **Aquari** gene or the Aquari Line Human gene, or Cloister. There
 gene or the **Aquari** Line Human gene, or Cloister. There is Indigos and there
 Humans with the **Aquari** Line gene as well. This particular calling was put out-
 what is the **Aquari** Line family. The Aquari Line family have particularly specialized coding
 Line family. The **Aquari** Line family have particularly specialized coding that go with gates
 right So the **Aquari** Line coding means that your incarnational heritage is descendent from

Page: 168

 hold of our **Aquari** Line bio-templates in order to use and reverse ours

Page: 169

 Shield together, the **Aquari** Humans together, so they could together activate their shield that

Page: 170

 that because the **Aquari** Races of Urtha put up, put up with our help

 our guys, the **Aquari** and the Kristiac Races, had nothing to do with that,

Page: 177

 us like the **Aquari** Line Humans, we originally started over there. So if we

Page: 178

 and ours, the **Aquari** Line Humans- that is why we couldn't stay here forever

Page: 189

 whether you were **Aquari** born or not But the Astura ones, everyone would have.

 far as the **Aquari** Line Humans and any Kristiac being of any form on

 a good chance, **Aquari** have an excellent chance but Angelic Humans, particularly Leviathans who

Page: 215

 They are full **Aquari** line races- Aurora races. Where, the Aquaferion are part human

Page: 216

 krystal heart of **Aquari** code, it refers to probably the core of the inner,

Page: 252

 also doing, the **Aquari** and the Kristic races are also doing the same from

Page: 308

 because their own **Aquari** I ine codes will activate in response to the frequencies

Page: 309

 and of the **Aquari** lines, they will make contact with them. But you will

Page: 312

 done by the **Aquari** races, and it just kept going, this acceleration of even

Page: 326

 and to the **Aquari**. Most of us have one that we know personally. Even

Page: 330

 had what's called **Aquari**- Human coding in their DNA that was like dormant, that shield and has **Aquari**-Human genes. But, we've been doing the planetary level activation

Page: 354

 because you have **Aquari** codes, or you wouldn't have gotten involved in 12 Tribes

Page: 368

 to hold, definitely **Aquari** coding in there. Anyway ... when we do even just

Page: 377

 4 Hearts of **Aquari** that are connected to a set of what are called

 Krystal Heart of **Aquari** code that is the shape of 1 Spanner and what

Page: 405

 Krystal Heart of **Aquari** or Aquaferion, cause they go into the Aquifers. So there

Page: 439

 group called the **Aquarion** Matrix, which is in a parallel adjacent Eckasha. The MCEO

Page: 440

 is called the **Aquarion** Matrix. The Aquarion Matrix is in what's called the parallel

 Aquarion Matrix. The **Aquarion** Matrix is in what's called the parallel adjacent Eckasha. So,

 groups of the **Aquarion** races began the Krystal River Host, which was an ability

Page: 441

 who carry the **Aquari** codes. The Aquari codes originated over here, and then they

 Aquari codes. The **Aquari** codes originated over here, and then they were moved into

 our shield. The **Aquari** Humans ... there's the race called the Aquaferion that are

 that are part **Aquari** and part Angelic Human and Angelic Cloister Indigos that were

Page: 450

 originally from the **Aquari** matrix over in the parallel adjacent Eckasha, you would be

 out through the **Aquarion** matrix, because that's where we actually came from in the

Page: 451

 over in the **Aquari** matrix. So, I think that's the path we're going on.

 that were the **Aquari** races from Urtha combined with the Angelic Human races and

 human and part **Aquari**, and that we are considered Aquaferion and the children of

Page: 465

 the Indigo, the **Aquari** Human gene codes from the mutation here, that when you

Page: 466

 us, not just **Aquari** humans but literally where our PCM Veca is, which means

Page: 471

 pool for the **Aquari** humans, through the 7th line of Jesheua 12 in 27

Page: 480

 regular Angelic Human **Aquari** humans did down here. Anyway ... I believe there"s some

Page: 501

 you have the **Aquari**-Human Codes because literally nobody was drawn to them if

Page: 515

 you"re not an **Aquari** Human, you will have arc breathing happening, because of the
