Journey to the Eye of God" - Projection-Meditation SUNDAY, Nov 41h "07-

is called the **Eye of** God or Eye of All urea. And the Eye

of God or **Eye of** All urea. And the Eye of All urea, understanding

wrea. And the Eye of All urea, understanding what that is and getting a

> Journey to the Eye of God projection that is going to be offered as

we have the Eye of Allurea forms, then we have ... and that"s Copyright

Page: 65

what the **Eye of** God is, basically, and what it looks like, because

Page: 76

this called the "**Eye of** God" structure. Now, everything in Creation goes through this

Page: 79

b of all, the Eye of God structure is forming from this, and remember it

wost, about the **Eye of** God structure. So, they haven"t named what type of

Page: 80

known as the **Eye of** God structure, and I'll show you what that looks

together is the **Eye of** God ... the next one, please. This was one

Page: 81

29:56] The **Eye of** God Now, this is what forms on that creation

to as the **Eye of** God. And, it"s actually the 151 Eye of God,

actually the 151 **Eye of** God, but you can also call it the Jd

it the Jd Eye of God because 2 more form from this. This one,

one, the 1st Eye of God, is called the Eye of Allurea and it

₩

is called the Eye of Allurea and it is actually an eye that is

- Flows of the **Eye of** God. And they create the core matter streams that
- Dourney to the **Eye of** God projection, this is what it's about. When we
- this is the **Eye of** God that we refer to. And, remember this is

Page: 82

- beginning. So, the **Eye of** All urea, or the 1st Eye, the "always"
- was "always opened" Eye of God Source, and somewhere ... yeah, ok, next one,
- because remember the Eye of Allurea is in there and these are the Core
- toming from the Eye of All urea. These are the 7 Core Eternal Flows
- william in the Eye of God, we are in our smaller micro versions of

Page: 83

- ... now, the **Eye of** Allurea was that structure that formed at the center,
- replicated. So, the Eye of Allurea comes back out with 2 more eyes. Now,
- Sod and the **Eye of** God structure ... you"d have the Eye of AdorA
- you"d have the Eye of AdorA and the Eye of EtorA. These start circulating
- AdorA and the Eye of EtorA. These start circulating more current so you"d have
- we eye, the 1st **Eye of** All urea that connects to the spiritual, it connects
- you have the Eye of AdorA, the Eye of EtorA, and the 151 Eye
- of AdorA, the Eye of EtorA, and the 151 Eye of Allurea. Now, when
- and the 151 **Eye of** Allurea. Now, when this comes back out, when the

Page: 84

- structures of the **Eye of** God structure, and to begin the activation of what
- flows of the **Eye of** God structure. So, this is where "Kryst" comes
- toming from the **Eye of** God structure. They"re actually called the Core LaVas, and
- because they are Loves, of the Eye of God, because they are
- Allurea, of the **Eye of** God, because they are the Core currents that connect

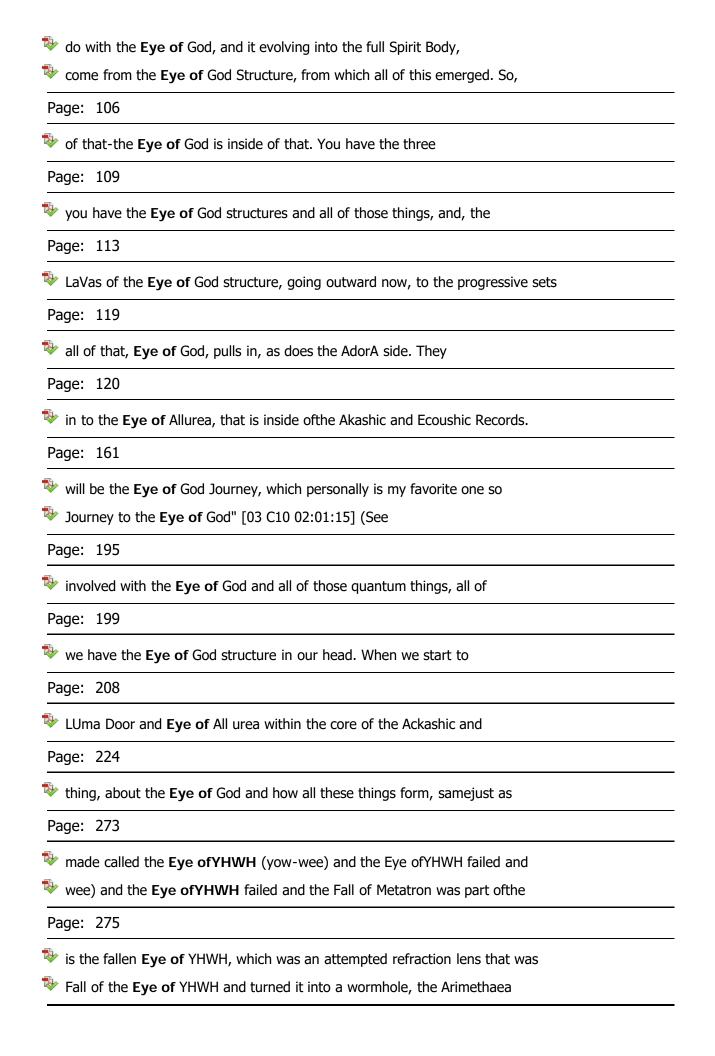

Page: 85

- Love" into the **Eye of** God structure and literally projecting our Rasha bodies and
- structure right, the **Eye of** God with its Ka-Ra-Ya-Sa-TaHa-La

Page: 86

- is, where the Eye of Allurea, the 1st Eye of God is. And then
- Allurea, the 1st Eye of God is. And then you"d have the Eye of

you"d have the **Eye of** AdorA and the Eye of EtorA. What it gives AdorA and the **Eye of** EtorA. What it gives you is a structure like Page: 87 part of the **Eve of** God formed, through that replication that form the different it forms the **Eve of** God structure, the Eve of Allurea. The Eve of Sod structure, the Eve of Allurea. The Eye of All urea has its Primary of Allurea. The **Eye of** All urea has its Primary Currents, its LaVas, its formed from the Eye of God, within the Mind of God, and that"s the go to the **Eye of** God and that kind of stuff. So, I wanted you have the Eye of Allurea, the Eye of AdorA and the Eye of of Allurea, the **Eye of** AdorA and the Eye of EtorA. What happens next AdorA and the Eye of EtorA. What happens next is you will find the will find the **Eye of** AdorA and EtorA phase together just like a phase Page: 89 we had 1 **Eve of** God and that had 7 flows, right, one from Page: 91 you have the Eye of Allurea, but then you had the Eye of AdorA you had the **Eye of** AdorA and the Eye of EtorA and how they AdorA and the Eye of EtorA and how they come together and phase, form this, when the Eye of AdorA and EtorA come together, they make this spark back into the Eye of Allurea structure with a quantum replication, and this allows Page: 92 occurs with the **Eve of** Allurea and the Eves of AdorA and EtorA coming Page: 94 was just the **Eye of** EtorA and AdorA coming together, they now, you have you have the Eye of Allurea is still there, that Eye is still there sparks of the **Eye of** AdorA and EtorA and also of ... they go center, where the **Eye of** All urea body is you have the Krysta field Page: 100 of it. The **Eve of** God is at the center, and all these other Page: 104

- that form the Eye of God within the Kryst Body, which is 1/2
- Center of the Eye of God and we"re going to have some type of
- 🔖 this construction, the Eye of God construction, (Discussion between A"sha and A"zah). Ok,
- structure of the **Eye of** God. What"s interesting is when you take this structure,

Page: 140

- structure of the **Eye of** God is the structure, and this is what our
- structure of the Eye of God Tonight we still have a Journey and it's

Page: 141

- vcle of the Eye of God construct, the Heart of God, Eye of God,
- Heart of God, Eye of God, all of that for the next level out
- tonnected to the **Eye of** God that is, we all exist within this Massive
- or about the Eye of God Because they"ll probably think you"re nuts unless they
- wall of those Eye of God Structures are connected directly to ... they are,

Page: 142

- or to the **Eye of** God, the Kryst Body all right. So, what this
- phasing of the Eye of God with the AdorA and the ElorA and the

Page: 143

- starts that whole **Eye of** God Configuration. So there's an Eye of God Configuration
- So there"s an **Eye of** God Configuration that"s kind of like at the Doorway,
- to the first **Eye of** God configuration with our, where our Full Spirit Body

Page: 144

- grows from the Eye of God Level of our full anatomy We have a
- looked at that Eye of God from the front, as if you were looking

Page: 146

> Journey to the Eye of God unless we have a clue cause everbody"s gonna

Page: 150

- Journey into the Eye of God and into the Heart of God, and into
- through into the Eye of God And from that point we will pick up

Page: 154

- travel into the Eye of God, in order to pick up the gift of
- Body where the **Eye of** God is. (1736) So in a moment, imagine

Page: 155 place called the **Eye of** God, in an area called the Allurea Field. This Page: 156 place to the Eye of God in this activation, in order to help heal to enter the **Eye of** God of the Krist Body. (29 03) As was if the Eye of God is calling us from the Spirit Side, something we"re approaching the Eye of God, let us stop there for a moment, for before entering the **Eye of** God, let us look into the Eye of God. look into the **Eye of** God. For this is a very sacred place here. in which the **Eye of** God is. It doesn"t matter which, left or right, Page: 157 Eye, the Manifest Eye of God. Try not to impose an image of what Eye is an Eye of Pure Energy. It is the never blinking Eye, the Life from the Eye of God. Try to feel that Love, for now we known as the Eye of God Imagine now our shield is moving toward that w moving toward that Eye of God, all as one, and realize how big it Page: 161 through into the **Eve of** God. Now, let us imagine that our shield is Page: 162 center of the **Eye of** God within you, an Eye of God that has within you, an **Eye of** God that has been dormant for a very, very Page: 165 called the "Eye of God" construct and the thing that we would call Page: 169 where the Eye of God construct of the Spirit Bodies. So our Sun-Page: 198 and into the Eye of Kanatareiah between Chakra-3 (Solar Plexus) and Chakra-Page: 199 We Key from the Eye of Kanatareiah, at the tip of the Sternum, down to Page: 229

lourney to the Eye of God one. When you do that, that will release Page: 233 > Journey to the Eye of God and this had to do with the Ecousha Page: 235 to build. The **Eye of** God starts to build. So, the Eye of God build. So, the **Eye of** God actually comes between that 4th spark before the is where the **Eye of** God and the spirit body stuff come in that Page: 270 wp on the **Eve of** God Anyway, the Eve of God is "Cells" God Anyway, the **Eye of** God is "Cells " They"re like Structures again, Page: 277 stuff on the Eye of God thing, that was new, new information that we iourney to the **Eye of** God or through the tunnel of love and or by do with the Eye of God construct. And this was all the The MCEO Page: 278 shape of the **Eye of** God so when you do this journey you have known as the **Eye of** God, that is [commenting on mic sound]- there get into this Eye of God space or through the Tunnel of LaVa, as point called the **Eye of** God So, I"ll try to explain to you, in terms, how the Eye of God construct is created and where it exists within LaVa into the **Eye of** God Space, which takes you through the door of Page: 280 Krystal, and the Eye of, what becomes the Eye of God that forms around what becomes the **Eye of** God that forms around the first Cousha krystal. So, Cousha. But, the Eye of God forms, it forms several layers of spheres within Page: 282 God, because the **Eye of** God structure forms from the Cousha and it forms level has an **Eye of** God configuration and they all lead back to the viginal first Cousha Eye of God, which is the one we"re starting with. So, recreated including the **Eye of** God at the end of which the Tauren is Page: 284

the, forms the Eye of God, and where that connects with the other pieces Page: 285 the third **Eye of** God, but it"s actually the first Eye of Godactually the first **Eye of** God- the third eye. And out of this the let"s see the **Eve of** God structure before we get into them, and the Sod forms the **Eye of** God Next one, please. [graph] [OVO-R Page: 286 the AdorA; the **Eye of** AdorA and this becomes the Eye of ElorA. And this becomes the **Eye of** ElorA. And at some point I'm sure they phase what occurs, the Eye of God structure that forms, because first there is the is the first **Eye of** God. The Eye of God structure is formed by of God. The Eye of God structure is formed by I believe the first give you the **Eye of** God construct That Eye of God construct then gets Sod construct That Eye of God construct then gets replicated times 2 giving you the original third Eye of God, and the two polarized Eyes of God, and pattern happening. The Eye of God structure, and this structure becomes the template or ide of the Eye of God construct, and on the 15th expansion, there's 3 So this, the **Eye of** God construct that we"re going to see is referring look at the Eye of God and the currents that flow through the Allurea. So, the first **Eye of** God is the Allurea, and then you have the Page: 287 vore of the **Eye of** God, so we can actually pass through this point ware utilizing the **Eye of** God passage which the AdorA have to help us value of The quickly past the Eye of God for the RashaLAe, past the Eye of The RashaLAe, past the **Eye of** The MCEO Freedom Teachings® Series Presented by Adashi Page: 288 ReishaLAe, past the **Eye of** God for the Rashallah, and into the original Cousha. Page: 290 spheres of the **Eye of** God, we"ll actually be going right back into creation Page: 291 be utilizing the **Eye of** God structure But, we have to go all the w something with the **Eve of** God from the AdorA side, and then take us

- going to the **Eye of** God journey in order to get the frequencies open
- the Allurea, first **Eye of** God, that becomes when you see the three of
- together, the third Eye of God But, this is the structure, if you look

Page: 292

- it as the **Eye of** God, and there are three of those, so you
- back to the Eye of God and figure out how to translate the Eye
- b to translate the Eye of God. Anyway, hopefully that gave you enough to get

Page: 296

off with the **Eye of** God bit, show you a couple more diagrams about

Page: 299

- which was the **Eye of** God configuration, focusing in on the first seven out
- Back to the Eye of God- and the Tunnel of laVa So, when we
- spheres of the **Eye of** God holds, and the type of matter, the base
- brings the literal Eye of God structure down into a manifest expression form in
- it"s called the Eye of God, is because that"s what they refer to that,
- actually through the **Eye of** God that the whole manifestation transduction sequence circulates. So,

Page: 300

- We have an Eye of God structure, and those other things it was connected
- bigger things, the **Eye of** God, the Heart of God- all of those things
- irst outward moving Eye of God is formed So, there would be another one,
- that is another **Eye of** God structure that connects to the original Cousha that
- would have its **Eye of** God. So, each one of them have a Cousha
- wand then the Eye of God structure that forms from the Cousha krystal. And
- would be the **Eye of** God structure from which the light body and the

Page: 301

wout of that Eye of God structure that happens before the light seed for

Page: 302

- krystals and their **Eye of** God configurations. The Eye of God configuration is what
- God configurations. The **Eye of** God configuration is what gives you the flows, and
- vells of the Eye of God emerged. So, we are opening those. Now, let's

Page: 326

and remember the Eye of God Journey, and remember that you can go there

Page: 331

something called the Eye of God, and the Coushas and we"re going to start

Page: 332

is called the Eye of God and the Cousha Crystal and what that has

Page: 375

by do with the **Eye of** God structure Just wanted to let you know about

Page: 376

we see the **Eye of** God stuff So they"re all part of the Krystar

Page: 379

Iourney to the Eye of God and that is a particular one of the

talking about the Eye of God, what's that? You know, what is it? What

we on the Eye of God Ecousha stuff that leads into the DhaLA stuff,

Page: 381

the called the First **Eye of** God which gives birth to what is called the

Page: 388

is called the **Eye of** God and from that comes the Heart of God.

Page: 389

was actually have the Eye of God. And the Eye of God actually forms first

Sod. And the Eye of God actually forms first and the Heart of God

part of the Eye of God. Because all of these are taking place at

Page: 390

the Eye of God, because it is a lens structure, and these

development of this **Eye of** God structure, we"ll find that these chambers open between

Cells in the **Eye of** God. So you get your 7 Core Flows, they

lourney to the Eye of God, what we actually do is go through from

will be an Eye of God structure for each of the domains, but there

the Original 1st **Eye of** God structure that was the 1st Creation Point We"re

Page: 391

by on with 3 Eye of God structures You have the original one on this is called the Eye of AdorA and this one down here that is called is called the Eye of ElorA. What these will eventually do is phase together, Eye. The 1st **Eye of** God is called the Eye of Allurea, A II is called the **Eye of** Allurea, A II u r e a, and that is the 1st **Eye of** God and that is known as the All Seeing we"ve got the **Eye of** Allurea, and we"ve got the Eye of AdorA and we"ve got the Eye of AdorA and the Eye of ElorA and these guys, AdorA and the Eye of ElorA and these guys, just like a phase set, Page: 392 Tunnel of the **Eye of** Allurea to open those Core Flows and allow the ields of the Eye of Allurea, each one of those eyes has that same grid that the **Eye of** All urea is running on. There is that center in, in the Eye of God Journey that you"ll do tomorrow, we"re actually travelling Page: 395 form with the Eye of God and the Allurea and the AmourA Bodies. This Page: 399 Iourney to the Eye of God one, that we, we go up from Urthawas to the **Eye of** God, we will start expanding into the Spirit Body Page: 401 have gone from **Eye of** God and Heart of God up to the Amour Page: 406 where there"s a **Eye of** God Journey, there"s a whole set of techniques and Page: 407 Cousha forms the **Eye of** God, and the Eye of God forms the 3

So, it's about 18 inches Page: 457 go to the **Eye of** God journey We"ll follow the Eye of God with We"ll follow the Eye of God with Raising the Eiradonis and then after that-Page: 461 tore into the **Eye of** Kanatareiah between chakras 3 and 4, the tip of key from the **Eye of** Kanatareiah at the tip of the sternum down to b down from the Eye of Kanatareiah at the sternum to the EUmbi and then Page: 465 This is the **Eye of** God" again, but we"ll take that into the Allurean Page: 473 go into the **Eye of** God flows and all of the ... literally core Page: 477 go through the **Eye of** God information, because it's through that, when we start Page: 482 structure of the Eye of God through the ElumEiradhona Body so we see how Page: 501 didn"t do the **Eye of** God anatomy and all that stuff I was planning Page: 507 fall of the **Eye of** YHWH that was a host operation that was set Page: 508 was called the Eye of YHWH, at the top of that matrix and the watrix and the Eye of YHWH connects into the center, in here and that Page: 510 tonnects into the **Eye of** YHWH, the Fallen Eye of YHWH, through which they YHWH, the Fallen Eye of YHWH, through which they made the Arimathaea wormhole at is the left **eye of** Horus, all right, gate system And this is, all
