 this -the **ManU**. You can go about it as a group any way

 ManA, EirA, and **ManU**, and then the ManA creates the Prana and the Mana.

 Prana, it becomes **ManU**, and the ManU sparks, 12 of them, go back into
 ManU, and the **ManU** sparks, 12 of them, go back into the center, spark
 you have the **ManU**-Ec Exchange, the Rasha body builds ManU charges from EirA
 Rasha body builds **ManU** charges from EirA and ManA coming together to spark ManU,
 together to spark **ManU**, which is, again, a certain quantum of energy where you
 is what a **ManU** spark is. So, it is a bigger charge than just
 alone. When the **ManU** sparks come back in from the fire lines, go into
 that sends the **ManU** spark all the way back to Source through the creation

Page: 61

 eventually **ManU** in, Ec out, there is a series of replications that
 certain point of **ManU**-Ec Exchange, the Rash a body contracts all the way

Page: 63

 Prana, what carries **ManU**. Those kind of things. But, this is just to show

Page: 102

 ManA or the **ManU**, ok? And, when we do this, the Still Point Spin

 have the 6 **ManU** or androge and they will be working upper and lower.

 Now both the **ManU** and the ManA carry a direct relationship to NET 2

 up with making **ManU** sparks out here, and then ManU frequency goes in, and
 here, and then **ManU** frequency goes in, and it sends out what The MCEO

 will build to **ManU** and Eck exchange, and that will build enough charge to

Page: 250

 is called the **ManU** spark back flow spark, that happens at the Prana seed,
 eventually you'll have **ManU** in to Source and Eck out And through this process

Page: 251

 then you do **ManU** in, Eck out, ManU in, Eck out So there's a
 in, Eck out, **ManU** in, Eck out So there's a sequence of breaths. This

Page: 254

 fertilization begins, the **ManU** back flow and Eck That creates, when the fertilization
 it creates a **ManU** spark I believe, and then, lets see we go into

Page: 255

 and creates a **ManU** back flow return spark, and that back flow return spark
 the Orons fire **ManU**, send it all back down into Source, goes back down

Page: 256

 go to the **ManU** in, Eck out, ManU in, Eck out, it does something
 in, Eck out, **ManU** in, Eck out, it does something and I don't know
 in, Mana out, **ManU** in, Eck out, these start phasing too ,where they

 they start sending **ManU** frequency back in. And ManU releases a frequency called the

 I believe the **ManU** frequency has to do with the Cosmic DhaLA-LUma and
 a spark of **ManU** out, and when the spark of ManU breaks into ManA
 the spark of **ManU** breaks into ManA and EirA, all right Now at this
 you have the **ManU** coming in and at the Creation Point, it splits, where
