 Iron. The 02 **Telluric** one- remember the 021level is what we see as physically

---

Page: 35

 is called the **telluric** atomic, or the atomic telluric. That is the part that

 or the atomic **telluric**. That is the part that we see as solid, that

Page: 74

 to as the **Telluric**-Atomic and that's the level we see as physical, and

Page: 76

 level or the **Telluric** level of the body, that controls the chemical DNA and

---

Page: 80

---

 D2 crust, the **Telluric** crust, alright? So, let's say this little one here is

---

Page: 81

---

 the solid physical **Telluric** matter that we're walking around in. There would also be

---

Page: 84

---

 We'd have our **Telluric** body selves here, it's actually these selves that are perceiving

 is controlling the **Telluric** template here, right, which is the matter that we perceive,

---

Page: 86

---

 which is physical **Telluric** lower Hibernation Zone and a 02 upper Hibernation Zone. The

---

Page: 89

---

 the D21level, the **Telluric**, the physical level of Urtha. That will give you the

---

Page: 130

---

 "etheric," "**telluric**," "atomic" ... they all have different qualities and this

---

Page: 132

---

 what's called "**Telluric Matter**," all right This is the Base for Telluric Matter.

 the Base for **Telluric Matter**. Telluric Matter will have whatever its Quantum is, it

 for Telluric Matter. **Telluric Matter** will have whatever its Quantum is, it will have

---

Page: 144

---

 2, which is **Telluric Level**. Now the Telluric Level that corresponds with the

 our d-2 **Telluric**, our d-3 Atomic Layers and that corresponds to the

 would be its **Telluric** level that feels like the physical one when you're focused

 the d-2 **Telluric** and the d-3 Atomic. And then you would have

---

Page: 149

---

 connects to the **Telluric** energies that are the ones we experience as solid and

 place in the **Telluric** level by this band in the eyes. And then by

---

Page: 160

---

 energies of the **Telluric** energies that are stuck there and trapped there, as if

---

Page: 208

---

 is called the **telluric-atomic** layer and on the D-3 level we have what

---

Page: 216

---

 the D-2 **Telluric** realm as the physically solid one, as our consciousness is

 of what's called **telluric matter** The D-1 is made of etheric matter So,

 the D-2 **telluric** layer- that we see as solid- and the D-3

 than D-2 **telluric**, but it's more dense than the etheric. So, these are

---

Page: 217

---

 solid form of **telluric matter** It would also have its equivalent in D-1.

---

Page: 232

---

 is composed of **telluric-atomic matter**, the D-2 matter form and the DNA

 is the chemical **telluric** manifestation and the D-3 is the overlay. And then

---

Page: 264

---

 2 or the **telluric** atomic matter base. The D-3 would form the atomic

---

Page: 284

---

 the base for **telluric matter**, what we call telluric matter Remember that that goes

 what we call **telluric matter** Remember that that goes with the 02 stuff When

 etheric-atomic, 02 **telluric**-atomic. This is where this starts, where it's a times

---

Page: 364

---

 to the physical **Telluric** Template and then the D-1 which is the Etheric-

---

Page: 365

---

 the D-2 **Telluric** field as solid. That is how all of the 3-

 the D-2 **Telluric** field is what we are seeing as solid matter forms

---

Page: 370

---

 It is the **Telluric** planes that hold the D-2 level that we will

 more dense than **Telluric**, but from Telluric, when our consciousness is in Atmic looking

 Telluric, but from **Telluric**, when our consciousness is in Atmic looking at Telluric and

 Atmic looking at **Telluric** and tries to look back at itself, it almost like

---

Page: 388

---

 is called the **Telluric** Matter Base. Now the Telluric Matter is what the D-

 Base. Now the **Telluric** Matter is what the D-2 matter is made out

---

Page: 395

---

 Spirit, that is **Telluric**-Atomic. So you have Atomics coming out here and you

 Middle one, the **Telluric** over here you would have the Telluric-Etheric. So you

 would have the **Telluric**-Etheric. So you have Telluric-Atomic, T elluric-Etheric. Over

 So you have **Telluric**-Atomic, T elluric-Etheric. Over here you would have the

 light and half **Telluric**-Atomic. The Gha-Far Body goes up and travels. Well,  
 a D2 level **Telluric** Body that is the physical one we're seeing And that's

 and the 02 **Telluric** Body that's your physical one, then the 03 Mental Body,  
 is the 02 **Telluric** one. Alright? Back here you have some of those other  
 Here's your 02 **Telluric**. And up here, in the third sphere, that is where

---

Page: 143

---

 actually, in the **Telluric** Body, like from its natural growth process, and at a  
 where the physical **Telluric** Body is. The physical Telluric Body is quite a bit  
 is. The physical **Telluric** Body is quite a bit smaller. When it steps out,  
 centered into the **Telluric** Body. This begins the process of combining the Telluric energy,  
 of combining the **Telluric** energy, which is two-thirds manifest and one-third Spirit,  
 the Etheric, the **Telluric** and the Eiradonis. That would be the first, and The

---

Page: 144

---

 Eiradonis energy, the **Telluric** Body energy and the Etheric Body energy, you get something  
 dense as the **Telluric** energy-the Keriatic energy is taking the Ketheric energy and  
 is where the **Telluric** Body, that's made of Telluric type of energy that has  
 that's made of **Telluric** type of energy that has two-thirds in manifestation and  
 bond to the **Telluric** energy. And without it those two won't bond even if  
 Etheric and the **Telluric** to continually bond together into Keriatic energy. And at a  
 energy of the **Telluric** Body is transmuted, and that's the point where what is

 alignment with the **Telluric** Body. This forward movement shifts the entire set of Chambers

---

Page: 145

---

 that allow the **Telluric** and the Eiradonis Body to bond, and then the energies

---

Page: 152

---

 Etheric and our **Telluric** bodies "where it interfaces with the open Eira-Dhani

---

Page: 153

 which the physical **Telluric** matter begins to spiritualize and go, partially turn back into

 within the 02 **Telluric** Body, allowing the ElorA atoms to bond with their Eiradonis

---

Page: 154

---

 Eiradonis and the **Telluric** to bond, to begin the Transfiguration of the E-4

 as the D2 **Telluric**, D1 Etheric and Ethos Density 1 Ketheric bodies progressively merge

 combination of D2 **Telluric**, D1 Etheric Ethos, which is Ketheric, that forms Keriatric Matter,

---

Page: 155

---

 bonding with our **Telluric** and Etheric bodies. So, "When one half of the

---

Page: 159

---

 atomic and half **Telluric** atomic matter has separated " So literally, the Keriatric part

 cord from the **Telluric** Body. The cord remains anchored in the Keriatric, Kryst, Gha-

 which causes the **Telluric** Body to rapidly separate dimensions, separate dimensionally" So, the Etheric,

 the Etheric, the **Telluric** and the Atomic separate "and transmute into elemental vapor"

 it engages the **Telluric** 02 physical and Atomic 03 mental systems " So, it
