 because they will **anchor** their host from their Eckasha system far far away, down

 be the main **anchoring** rod anyway, but it was supposed to triangulate over into

 doing this is **anchoring** the AnshatAsa Passage from their Hubs, which we did early

 requires not only **anchoring** of the Ansha T As a passage but full opening

 the Bourgha have **anchored** and opened the time-rips again Now, it doesn't mean

 you can even **anchor** here, as far as being able to know what to

 activation that was **anchored** during their class, consummated this evening And now, and that

 group stand that **anchors** a set of activations that go with a very specific

---

Page: 147

---

 that occurred, they **anchored** through their stand the set of activations that go with

 were opened and **anchored** then are getting consummation tomorrow when we are doing our

 what they had **anchored**. So we will be working with and we are going

 need to, to **anchor** the activations as they are coming through the grids. So,

 did the initial **anchoring** stand that allowed for opening of the first ring, what

---

Page: 148

---

 running, you know, **anchoring** these activations, you will actually get caught in those fields

---

Page: 150

---

 fully have an **anchored** body down here. So there are these different planes-or

---

Page: 151

---

 more information and **anchor** it for you. But you will be on your own

---

Page: 155

---

 that you are **anchoring** then the activation cycle then when the next ones initiate,  
 allows a clear **anchor** of the Krystal River. And then there's going to be

---

Page: 159

---

 bring in and **anchor** the frequencies of the Ring-2 Now the, tomorrow evening,  
 up a strong **anchoring** base on the grids here at Doubletree. It's connected into  
 an initiation, the **anchoring** of the Ring-2 set, which is what your Tribe  
 a stand-up **anchoring** round to bring in and open those frequencies and the

---

Page: 160

---

 It will be **anchoring** and opening the frequencies of that particular level of the  
 Elemental Master Command **Anchoring** Rite. And you can do this. You can do it  
 know, for the **anchoring**, you know like South oriented and the whole bit so

---

Page: 177

---

 know when you're **anchoring** the Ring-2 Activation Cycle so you will go through

---

Page: 178

 this Veca system, **anchors** into Earth through a place that is rather interesting and

 as of this **anchoring**-what we just anchored during this stand will begin the

 what we just **anchored** during this stand will begin the process of the Ring-

 activation that was **anchored** during their class, consummated this evening And now, and that

---

Page: 262

---

 allow Earth to **anchor** a Host from the Aquious Matrix. Now, we've talked about

---

Page: 270

---

 allow them to **anchor** that frequency so when Urtha Starfires and pulls in ...

---

Page: 272

---

 what's needed to **anchor** the ... you have at least 2 Rings open to

 Rings open to **anchor** the An-Sha-T A-Sa Passage. And the Bourgha

---

Page: 280

---

 is, we are **anchoring** in Class 3, we are anchoring the An-Sha-T

 3, we are **anchoring** the An-Sha-T A-Sa Passage from here to

 stuff which is **anchoring** our Ring 3 and starting its initiation-we're also going

 going to be **anchoring** this passage-the "an" Passage. Let's just leave it

 going to be **anchoring** that. Once we anchor this, there is nothing ... it

 that. Once we **anchor** this, there is nothing ... it will start. It will

 point of us **anchoring**, successfully, that passage, the Bourgha cannot at that point do

 try to stop **anchoring** that Passage. Because once that Passage is activated it goes

 course, we didn't **anchor** the Passage- which we will do. You don't need to

 meant to specifically **anchor** the best that the Bourgha have got to offer while

 we're trying to **anchor** this. So it's like, oh, whatever. They're not going to

---

Page: 282

---

 you can then, **anchor** the next level, when we get into the Cloud-Walkers

 so, whatever you **anchor** on Krystal River or anything-any of the new technologies

---

Page: 289

---

 we get into **anchoring** the An-Sha-TA-Sa Passage. (chuckles) Had to

---

Page: 290

---

 so they can **anchor**. And then you give the name. They're teaching us as

---

Page: 303

---

 graphs assists with **anchoring** the stand so, even if I have to take a

---

Page: 309

---

 ... you can **anchor** those and keep them open in your space to anchor

 your space to **anchor** more of the protection fields that are coming in from

---

Page: 323

---

 combined with the **anchoring** of the An-Sha-TA-Sa passage. I have no

---

Page: 324

---

 of what we're **anchoring** when we get into the second journey and anchoring thing.

 second journey and **anchoring** thing. So, what we've got here when we get into

---

Page: 332

---

 will hold and **anchor** that frequency, and Earth doesn't have those frequencies anymore, those

---

Page: 334

---

 be able to **anchor** that into your bodies eventually. So there will be some

---

Page: 339

---

 were the two **anchoring** points of that solar system And I was just starting

---

Page: 341

---

 Indigo Shield, to **anchor** Prana here and to be able to run it so

---

Page: 342

---

 the ability to **anchor** the host through RaShala activation that will be happening through

---

Page: 345

---

 in order to **anchor** the field, that will, once you pull the support planets

---

Page: 347

---

 fields to be **anchored** to begin a surrogate RaSh aLAe body host that will

---

Page: 360

---

 that gets into **anchoring** the An-Sha-T A-Sa Passage, we will be

---

Page: 363

---

 group that can **anchor** a lot stronger, so our lines are all a lot

---

Page: 371

---

 about Mecca as **anchoring** the Time-Rip for example ... that kind of stuff

---

Page: 374

---

 is the full **anchor** on it I'll have to remember that because I was

---

Page: 375

---

 be what the **anchor** line looks like when we anchor through the HUBs the

 like when we **anchor** through the HUBs the An-Sha-TA-Sa passage. OK,

 ray that will **anchor** the An-Sha-T A-Sa arc that opens the

 going to be **anchoring** the An-Sha-TA-Sa passage, so they will just

 grounded and fully **anchored**. Alright. So they want us to know that before the

---

Page: 377

---

 is going to **anchor** directly through the fire water crystal at the center of

 with the early **anchoring** of the An-Sha-TA-Sa passage and this will

---

Page: 384

---

 and you can **anchor** that if you would like with the physical body that

---

Page: 385

---

 in these temples. **Anchoring** the An-Sha-TA-Sa Passage and Bringing in the

 A-Sa passage **anchoring** and bringing in the Aqualene sun of the Aquious Matrix

 participate in the **anchoring** of the An -Sha-TA-Sa passage, you will

---

Page: 386

---

 out into this **anchoring** zone. So what we are going to do to leave

---

Page: 388

---

 getting ready to **anchor** the An-Sha-T A-Sa passage from the Aquious

 assist in the **anchoring** through the hubs of this flame What we are going

 TA-Sa passage **anchor** rod to come in. The An-Sha-TA-Sa passage

 TA-Sa passage **anchor** rod is a beautiful aqua-blue green but more intense,

 allow the full **anchoring** of the An-Sha-T A-Sa passage. This will

---

Page: 390

---

 the physical cue **anchors** it in the physical body though. So that's why that

---

Page: 394

---

 more, to really **anchor** the knowledge that you will get from this Class. If

---

Page: 396

---

 exactly why we **anchored** this, where, why, that, then they did that, then we

 Aquious Matrix can **anchor** its frequencies into the 3 Core Gates of Earth in

 the ability to **anchor** and hold that frequency. The MCEO Freedom Teachings® Series

---

 is actually the **anchored** rod, there was, the old ways of thinking before they

 is here and **anchoring** the frequency for it because that is what our Core

 need to be **anchored**, because if we don't anchor them they don't anchor on

 if we don't **anchor** them they don't anchor on Earth, and Earth gets left

 them they don't **anchor** on Earth, and Earth gets left out of the loop.

 going to be **anchoring** the Arcturian Bypass and this is literally a core-to-

 with when we **anchor** this, this is going to be a point where we

 that will be **anchoring** the Arcturian Bypass. Instructions for Receiving the Akashic Bypass Key

---

Page: 10

 is going to **anchor**. This is where there literally are, there's a pillar of

 we need to **anchor** that first, and that is what that elemental command stand

---

Page: 11

 Command shield 1 **Anchoring** the Arcturian Bypass. Once that is done we will be

---

Page: 12

---

 And once the **anchoring** of the Acturian Bypass is done then there is another

---

Page: 16

---

 is that was **anchored**, the Arcturian Passage thing, By-pass, Arcturian By-pass yeah.

---

Page: 29

---

 you just did **anchored**. It goes from the A7's through the A5 to

 what you just **anchored** here, and thank you on behalf of the entire Krystic

---

Page: 30

---

 that we've just **anchored** here is this, which means allowing this to anchor and  
 allowing this to **anchor** and open into Earth. The next thing that needs to  
 be able to **anchor** a sufficient amount through ... this is going to be

---

Page: 31

---

 to hold the **anchor**. They tried to do this with the center of the

---

Page: 40

 Earth whom can **anchor** Kryst at all will receive genetic template upgrade to a

Page: 50

 we have just **anchored** the opening, literally for not just Earth and Urtha and

---

Page: 66

 Amsterdam workshop or **anchor** iLwe didn't disable it ourselves, but we anchored the disable-  
 ourselves, but we **anchored** the disable-ing currents that the Beloveds sent, what was

---

Page: 69

---

 away. It was **anchored** in the Netherlands and it was secured during this Tribes  
 Sol link and **anchored** the M31 Tractor Beam, which is like from the center  
 it's time to **anchor** stuff or open stuff so we just got that gate

---

Page: 72

---

 universe that are **anchoring** for the Beloveds what can bring the best potentials of

---

Page: 77

---

 Thirteen is the **anchor** gate that allows these systems to anchor in, and that's  
 these systems to **anchor** in, and that's why Shala 13 that interfaces directly with

---

Page: 79

---

 But we can **anchor** frequency, and we're doing it really well. You guys did

---

Page: 98

---

 actually hold and **anchor** the Spans. So it depends on how far we get

---

Page: 99

---

 the Beloveds to **anchor** this. We opened this so it created a safe network

---

Page: 107

---

 blue glass to **anchor** the Aquari frequency color. It's just literally some salt chunks

---

Page: 115

---

 be capable of **anchoring** the frequencies of the Hosts that were coming in, so

---

Page: 116

---

 Gate 7 that **anchors** here in Puerto Rico was breached from the Parallel Earth

---

Page: 122

---

 to, or not, **anchor** that. There are only two points where it could be

 it could be **anchored**, and if it's not anchored at both of them, we're

 if it's not **anchored** at both of them, we're going to have a different

 if that is **anchored** here in Netted Earth, Median Earth will anchor it. At

 Median Earth will **anchor** it. At least half of the 1 /3rd quantum,

 be able to **anchor** that. So that part of Earth will still slide out

---

Page: 123

---

 the opportunity to **anchor** the Star of Solomon Activation, the Dhani Awakening, and they

---

Page: 124

---

 set of these **anchored** here, but one running this way and one running this

---

Page: 128

---

 AshaLA is the **anchor** point that allows the Milky Way Host to run. So

 directly in and **anchor** here, and then go in from here, so that the

---

Page: 129

---

 Krystic frequencies. By **anchoring** certain things from AshaLA, it will be able to hold

---

Page: 130

---

 before the Host **anchored**, unless the Dhani Ring is activated now. And if it

---

Page: 131

---

 and we can **anchor** that here. And it is only the Dhani, the people

---

Page: 133

---

 stuff cause we're **anchoring** the frequency, the Kristiac frequencies and bringing them in, and

---

Page: 136

---

 once it's fully **anchored** in, it creates a half-density situation, that occurs at

---

Page: 146

---

 to do is **anchor** it We don't have to go out and drag it

 don't choose to **anchor** it, it will actually bounce off and we'll lose the

 in when we **anchor** them in the shield, it will be beginning the process,

 going to be **anchoring** the spark that's coming in from the Milky Way Host,

 And if didn't **anchor**, that would be it We would be getting our like

---

Page: 150

---

 to have to **anchor** this frequency until 2011 and like I'm a little bit behind

---

Page: 159

---

 The cord remains **anchored** in the Keriatric, Kryst, Gha-Far Body Ackashic Record. Next,

---

Page: 161

---

 And when we **anchor** the Shield of Solomon that we'll find out about in

---

Page: 165

---

 point, it won't **anchor**. There'll be nothing here to anchor it into. So, and

 nothing here to **anchor** it into. So, and then they went into this, "

 to hold, to **anchor** what's coming into the planet It gives you the sound

 and when we **anchor** that here tonight and it'll run for about 24 hours

---

Page: 173

---

 activation is being **anchored** because it's coming through. But us being here and together

 little while is **anchoring** that and bringing it in so it will hit the

---

Page: 178

---

 allow us to **anchor** the extra codes that we wouldn't maybe have in our

---

Page: 187

---

 process of, we're **anchoring** the Bharda Wave, the first part of- we have entered

---

Page: 190

---

 and we are **anchoring** the Beloveds frequency to stop that from occurring We can't

---

Page: 199

---

 enough of the **anchoring** things where it would all come back. The wave would

---

Page: 240

---

 where they can **anchor** the host so they can get out In the journey

---

Page: 242

---

 comes in and **anchors**, and that is when the tether starts And that's why,

---

Page: 254

---

 team here to **anchor** these frequencies. If there was nobody here, the gates were

---

Page: 258

---

 can get it **anchored**. So, there's been like this scramble to secure that gate

 the ones who **anchor** it on the planet for the Beloveds. And what our

---

Page: 267

 they're going to **anchor** something or bring in something, a frequency that will appear

 if we don't **anchor** certain types of frequencies, we will automatically flip into Metatronic

 and make several **anchoring** points, they're going to do that. And I know that

 going to be **anchoring** the beginning of that formation I don't know what it's

 to get to **anchor** that first, which means we will catch the strongest anchoring

 catch the strongest **anchoring** wave of it. So that will begin in our own

---

Page: 77

 we will first **anchor** the encryption of the Geomagnetic Field of Higher Earth into

---

Page: 80

 that's how we're **anchoring** in the grids. And then we're going to send that

Page: 87

 is enough to **anchor** the frequency and change the normal mathematical programming that would

 Host that we're **anchoring**, or when it comes to "where is that spot

---

Page: 128

---

 know, use the **anchoring** spot we have over there since we're over there already,

---

Page: 149

---

 And, we will **anchor** it through and, from that point on ... ok, they're

---

Page: 156

 frequency that we've **anchored**. If it weren't for the Beloveds doing their end, there

Page: 171

 but they're literally **anchoring** the set of distorted tension. It's all about creating tension,
