 something called the **Triangulation**, that we'll see a little later with this 333 alignment,

---

Page: 61

 3:3:3 **Triangulation**, and that has to do with our brains as well.

---

Page: 63

---

 there's a particular **Triangulation** that needs to open in order to begin to make

---

Page: 69

---

 it called? The **Triangulation**? I don't even know. The Le-TeU"-A is part

 a something-oroother **Triangulation** that has to do with the natural interactions that are

 maps where this **triangulation** is and what it's about-that has to do with

---

Page: 74

---

 3:3:3 **Triangulation**, which is the first activation that needs to take place.

---

Page: 75

 to open this **Triangulation**, and this has to do with the 333 Triangulation. It's

 with the 333 **Triangulation**. It's not too hard to see because-when you see

 here's what that **Triangulation** is about in the Cosmos. Now first, here is the

 to create a **Triangulation** they can beam frequency through, from Urtha and the Solar

 are opening this **Triangulation**. That is the Triangulation that we saw in the brain

 That is the **Triangulation** that we saw in the brain as well. It is

 then Adjugate-9 **Triangulation**. That opens the link, and it begins. What these frequencies

 333 Adjugate-9 **Triangulation**, to make the first part of the Crossover link. Try

 both of these **triangulated** through our Meta-Galactic Core, which means they came through

---

Page: 105

- 📌 we open this **triangulation** here. This is called the 3:3:3 Adjugate-9
  - 📌 3 Adjugate-9 **Triangulation**. There's the Adjugate-9, and this is the 333. That's
  - 📌 do with this **triangulation** as we progress through the maps to come. Next one
- 

Page: 108

---

- 📌 they have little **triangulation** gates And this is where we get. .. we've been
- 

Page: 114

---

- 📌 started opening the **Triangulation** that is the beginning of a vortex It's not a
  - 📌 yet it's a **triangulation** of energy points that allow frequency from M-31 System
- 

Page: 116

---

- 📌 that they can **triangulate** all the way through, get the Veca-5 Core, and
  - 📌 because of this **triangulation** between Earth, AshaLA and its Parallel over in this system.
- 

Page: 117

---

- 📌 avoided is the **triangulations** that allow for this to happen. They can be avoided
- 

Page: 119

---

- 📌 will create a **triangulation** that creates a big vortex that first allows these frequencies
- 

Page: 121

---

- 📌 is a good **triangle**; that thing that looked like a little Eckasha looping around
  - 📌 Here is our **triangle** that we started with. It's now turning that triangle into
  - 📌 now turning that **triangle** into a vortex of energy that allows, that energy, to
  - 📌 had the other **triangulation**, the nasty one coming in from over here, there was
- 

Page: 122

---

- 📌 also block the **triangulations** that go over into Parallel Earth, that allows that whole
- 

Page: 130

---

- 📌 look at the **triangulation** that we opened in the first activation, and see what
  - 📌 relation to that **triangle**, on the larger maps of the Cosmos. So, we are
- 

Page: 131

---

- 📌 this is the **triangulation** that we opened yesterday. And they are little points in
  - 📌 but through this **triangulation**. So, it actually tempers the mess that's usually coming in

 3-3 Alignment **triangulation** in your head. And then, ah OK. And then once

 connect with the **triangulation**, and that's when it turns it into a vortice. And

---

Page: 135

---

 because of the **triangulation** set and because of the higher frequency, or the stronger

---

Page: 137

 3-3-3 **Triangulation** that is in your head. So in a minute they

 sense in my **triangulation** in the middle of my brain. See if you can

 too that the **triangulation** inside around your pineal is now glowing with like indigo

 intense in the **triangulation**. There's going to be a little flash point where it,

 it, where the **triangulation** kind of popflashes And at that point, and it will

 building in that **triangulation**. It is almost like watching electricity run through a triangular-

 run through a **triangular**-shaped circuit, and it's getting stronger and stronger every time

 up around that **triangulation**. OK and now inhale and hold for a moment And

 we exhale the **triangulation** is going to pop and become the Ma-Sha Vortice,
