 which is your **atmic** body, which has no direct spiritual connection other than its

 that is called **Atmic** matter That was complete first expression, out of the creation  
 on the other. **Atmic** is the only type that the entire burst of that  
 on the outside. **Atmic** energy is connected to the ketheric energy to the etheric  
 but is only **atmic** energy that can actually fall, and that can actually go

 to as the **Atmic**-Atomic. What they did to create the hibernation zones was

 Tell uric versus **Atmic**, etc All right, so going outward, where are we now?

Page: 112

 and on the **atmic** levels-the d-3 Mental Body and the d-1

---

Page: 113

 are a Dominant **Atmic** Force ... **Atmic** is the one type of energy that  
 **Atmic** Force ... **Atmic** is the one type of energy that you'll see toward

Page: 114

 first, once an **Atmic** spark then rotating up and making an Etheric Spark then  
 and making another **Atmic** Spark, then rotating up and making a 4th Spark, a

---

Page: 115

---

 they're not fully **Atmic** ... the 2/3rds and 3/3rds are referring to,

---

Page: 128

---

 was an "**atmic**" ... we'll see a little bit later what "atmic"  
 later what "**atmic**" means compared to "etheric" and those kind of things  
 considered an "**atmic**" Partikl. It was fully expressed. Partikl2 is considered ... 1s  
 is an "**atmic**" encryption and Partikl 2 as an "etheric" encryption. And

---

Page: 130

---

 "telluric," "**atmic**" ... they all have different qualities and this is where

---

Page: 131

---

 It's part "**atmic**" and part "etheric ." With the Replication of that

---

Page: 132

---

 is called "**Atmic** Matter," this is a times 3 replication. Replica 3 comes  
 last one discussed- **Atmic**), this one has a The MCEO Freedom Teachings® Series

 and 1/2 **Atmic**. So we had the d-1 level of our Etheric  
 would be our **Atmic** Level. This was the one that corresponds with that 3rd  
 our d-3 **Atmic** Layers and that corresponds to the planet and our 15-  
 the d-3 **Atmic**. And then you would have the Ecousha Etheric d-1

---

Page: 147

---

 our d-3 **Atmic** level, which is also connected to the Mental Body, which

---

Page: 159

---

 2 and in **Atmic** d-3 Mental State in the Hibernation Zones and we

---

Page: 208

---

 is called the **atmic**-atomic layer. Each of them have a little bit different

---

Page: 216

---

 It's made of **atmic** matter where the D-2 matter that we perceive is  
 that is the **atmic** layer. It's just a bit less dense than D-2

 manifest in an **atmic** state in the mental body of Earth, and there would

---

Page: 232

---

 of D-3 **atmic**. Those things are formed by this 4-sheathed body, the

 connected with the **atmic**-atomic mental body. So, these connections all come from the

---

Page: 234

---

 where you get **atmic** and etheric sparks. Then it comes back down and it

---

Page: 235

---

 these two are **atmic** and that one is etheric, and they rub together and

---

Page: 245

---

 with the other **atmic** spark, that, were the third, would have been the third

---

Page: 264

---

 would form the **atmic** atomic matter base. And the 4th one, they didn't say

---

Page: 279

---

 are called the **atmic** sparks or what become the atmic matter, and the ones

 what become the **atmic** matter, and the ones that up phase or, that would

 here and the **atmic** sparks happening down here. So, when Partiki two does its

 back flow return **atmic** spark and then again splits Partiki two. So, Partiki two

---

Page: 280

---

 have the two **atmic** sparks from Partiki one, the back flow return sparks out

---

Page: 284

---

 you what's called **atmic** matter So, it's the atmic matter and that's the stuff

 So, it's the **atmic** matter and that's the stuff that forms the 03 atmic-

 forms the 03 **atmic**-atomic fields that we talk about That's the base for

 nature, some are **Atmic** in nature It is the Telluric planes that hold the

 solid. And the **Atmic** planes you'll still perceive them as solid but they are

 dense than the **Atmic**. And it's funny because the Atmic is actually more dense

 funny because the **Atmic** is actually more dense than Telluric, but from Telluric, when

 consciousness is in **Atmic** looking at Telluric and tries to look back at itself,

---

Page: 382

---

 This is considered **atmic**, this is an attribute of atmic matter where here's- if this

 is an attribute of **atmic** matter where here's- if this is Creation Point- and I

 Partikl1 is considered **atmic**. And this has to do with the Original Encryption versus

 stuff and the **Atmic** level stuff. We start with the Epi-Genetic Overlay because

---

Page: 20

---

 to do with **Atmic** constructs, mental body constructs OK. They're teasing me now, right,

---

Page: 46

---

 with the 03 **Atmic** level, we're going to be dealing with the Ah-VE"-

---

Page: 62

---

 working with the **Atmic** Levels-the D-3 Atmic Levels-and the Density-1

 the D-3 **Atmic** Levels-and the Density-1 Ketheric Levels in this workshop,

 the D-3 **Atmic** level, and that happens to be called the Epi-genetic

---

Page: 66

---

 working with the **Atmic** level right now. It will be when we move into

 of opening new **Atmic** Mental-Body neuro-networks. It also has to do with

---

Page: 70

---

 D-3 Mental **Atmic** Shield at the D-3 Rajhna". So this would be

---

Page: 72

---

 there on the **Atmic** Level. And what happens when the currents come in, hit

---

Page: 74

---

 part of the **Atmic** Structure-the D-3 Structure-and open the conduits between

---

Page: 79

---

 circulation and the **Atmic** D-3 level neuro-networks, that are associated with being

---

Page: 105

 field- in the **atmic** atoms of your Multi-Dimensional Body. And we've started this.
