Page: 60

 is called its **Eiradonis** in. Same thing is happening on the AdorA side and

 called the Elum-**Eiradhona**. The Elum-Eiradhona is the name for the Cosmic Spirit

 Eiradhona. The Elum-**Eiradhona** is the name for the Cosmic Spirit Body ... it

 when the Elum-**Eiradhona** is born, and you'll see what that looks like when

 when the Elum-**Eiradhona** is born, the Tauren Light Seed is born at its

 the larger Elum-**Eiradhona**. It's like, it looks the same, it's structured the same

Page: 65

 structure of the **ElumEiradhona**, which you will see what that is all right, so

 and EtorA and **Eiradonises** and things later, but this gives us ... an interesting

Page: 82

 thing called the **Eiradonis**, the Eiradonis energy is the Spirit Body of what is

 the Eiradonis, the **Eiradonis** energy is the Spirit Body of what is called our

 body is. The **Eiradonis** frequencies are the Spirit Body of your Ad jugate Twin,

 AdorA, and the **Eiradonis** of the AdorA, which is the Spirit Body of the
 called the Elum-**Eiradhona** that grows from there. So, when we talk Spirit Body,

 from the Elum-**Eiradhona** are we? Oh, we'll do that next: two, three ...

 is an Elum-**Eiradhona**. It connects you to the Spirit Body of the planet;

 their Spirit, their **Eiradonis** part that is still stuck in there, how to get

Page: 130

 when the Elum-**Eiradhona**; the big thing births, the lauren, little light seed in

 in the Elum-**Eiradhona**, where? What is it, what part is replicating? Mhmm. Right,
 with the Elum-**Eiradhona**? Ok, show me. Ok. All right. They said to describe
 of the Elum-**Eiradhona** Body? Part of that quantum is replicating. And, what happens first,

Page: 135

 the large Elum-**Eiradhona** Spirit Body that actually defined the boundaries of the size

Page: 136

 is Mana and **EirA** and ManA. And, we can talk a little bit about

Page: 137

 Spirit Body, ELum-**Eiradhona**: that is when the Tauren is going through its first

Page: 138

 what is called **Eira**, a type of frequency, and these phase together, just like
 they hold the **EirA** type of energy. And these are the KAion Crystals that

Page: 162

 to do with **Eiradonis**, what it has to do with what's called a Celestalline

Page: 164

Page: 194

 put the Elum-**Eiradhona** ... the big Cosmic Structure ... There is a relationship

 merging the 2 **Eiradonis** currents right-progressively birthing the 7 hydrogeleziac Hydras hydroplasm liquid

 it is the **Eiradonis** frequencies that go through the cores. So these ... we

Page: 198

 together their two **Eiradonis** Bodies and then-which are the two Spirit Bodies and they

 where the Elum-**Eiradhona** stops and you enter Source Consciousness Field directly. Now there's

Page: 199

 Body and the **Eiradonis** Body, into the DhaLA-LUma point. So we're going to

 of the ELum-**Eiradhona** Body or the particular part of it that is referred

Page: 200

 around the ELum-**Eiradhona** and enters directly into Source-Field. And this was just

Page: 204

 it through the **Eiradonis** so there's something there that will allow the natural Divine

Page: 206

 Crystalline Bodies of **Eiradonis** of the Elum-Eiradhona Spiral Body Rei-sha-TA Cluster

-  the 2 Hydrolase **Eiradonis** Atomic Geleziac Currents merge and transmute into hydrogeleziac hydroplasm liquid
-  bring the 2 **Eiradonis** Currents together, they become hydroplasm liquid light. Whatever base element

-  structure. So, the **Eiradonis** Atomic frozen light materialized elemental skin will merge with the
-  Cell , the **Eiradonis** Hydrolase Currents merge with the EtorA and AdorA Light Body.
-  these are the **Eiradonis** Currents or the Adjugate Spirit Currents ... merge with the
-  Hydros. So the **Eiradonis** Currents go from being Hydrolase into a different type of
-  Body and the **Eiradonis** Body into the journey, and we've only done the Rasha
-  not really taken **Eiradonis** flying anywhere. But we're going to take them in; we're
-  to leave the **Eiradonis** there I think-bring the Rasha back-that's what they're
-  to leave the **Eiradonis** there for a while, so it imprints the perfect imprint,
-  because remember the **Eiradonis** Currents, the Spirit Bodies, actually hold the perfect Divine Blueprint

-  to leave the **Eiradonis** there. And this is connected to what we're supposed to
-  process of the **Eiradonis** coming back in, and bringing whatever it is ... we'll
-  process of the **Eiradonis** coming back in, to running that exercise tonight after the
-  "Raising the **Eiradonis**". But if not, you don't have to, so there's no

-  to the ELum-**Eiradhona**, that one right here, L 11. L 12 is the
-  structure of the ELum-**Eiradhona** Bodies and these activate when you progressively activate the Allurean

-  template of your **ElumEiradhona** Body. And there are things called the NaVA-Ho Cycles

-  he raised the **Eiradonis** in order to get his codes re-activated so he
-

Page: 217

 back through the **Eiradonis**, so it clears the mutation out of the codes you

Page: 219

 Spirit Body-the **ElumEiradhona** would birth there. Then you'd have the Rash a Cycle

Page: 224

 of the Elum-**Eiradhona**. This stuff just goes in to show at what stages

Page: 227

 top of the **Eiradonis** energies that are coming in from the other side. Then,
 is bringing the **Eiradonis** frequencies into the Light Body. Then you have the fully

Page: 228

 those larger Elum-**Eiradhona** Cosmic Cycles, and then you would go home into Source,

Page: 229

 body through the **Eiradonis**, that is blocked from occurring. So, you get X amount

Page: 232

 we have the **Eiradonis** body. The Eiradonis body, when we start working with that-
 Eiradonis body. The **Eiradonis** body, when we start working with that- you actually bring
 as if the **Eiradonis** body will-and this is called the Resurrection Technology, where
 you bring the **Eiradonis** body up; which is the Spirit of the Adjugate. You
 you bring your **Eiradonis** Body up and you need to lay down to do

 35] Raising the **Eiradonis**-Re-integration of the Spirit The Resurrection of Eternal Life
 talking about the **Eiradonis** Body-this is like squishing up your vectors so you
 this way, the **Eiradonis** Body is actually facing in the same direction that you
 goes out, and **EirA** goes out. This has to do with that stuff we
 and Prana and **EirA** and all that kind of thing. But, it creates which
 that form the **Eiradonis** Body, even though they belong to the AdorA side (
 with bringing the **Eiradonis** Bodies together, you can bring the two Eiradonis Bodies, and
 bring the two **Eiradonis** Bodies, and it would bring the two-first you'd bring
 you'd bring the **Eiradonis** in to the manifest body, and then you would bring

 bring the two **Eiradonises** together and it would allow you to go into the
 work with the **Eiradonis**, to begin clearing off layers of the mutation. You can do
 equivalent shape in **Eiradonis** energy. And what you can do is, say if you
 play with the **Eiradonis**, and bring it up gently, and bring it up and

Page: 234

 you see your **Eiradonis** there with your inner vision, it looks really pretty when
 I remember my **Eiradonis** body going Ughhhh ... don't want to do that again

 both Rasha and **Eiradonis** together. We've not exactly done that before in a journey,
 behind you, your **Eiradonis**. That would be back here. So you're going to be
 be pulling your **Eiradonis** up, doing something with it and taking it out with

Page: 239

 to get our **Eiradonis**. This is where we are going to pick up our
 pick up our **Eiradonis** and that is where we are going to lay the
 will call our **Eiradonis** to us. And, it will be much easier actually for

 known as the **EirA** flows, that allow for the opening of the true spiritual

Page: 33

 portions of ManA, **EirA**, and ManU representation. Put another way that means that we

Page: 49

 you have an **EirA** energy, that is $11 \frac{2}{3}$ negative charge active electrical
 quantum to the **EirA**, a quantum that is equal to the EirA, so, you
 equal to the **EirA**, so, you have a ManA of $33 \frac{1}{3}$ minus
 quantum of the **EirA**, but they are both positive. This is where you get

Page: 50

 of ManA and **EirA**, and you put those together and you get what is
 You've got ManA, **EirA**, and ManU, and then the ManA creates the Prana and
 the Mana. The **EirA** does something else. They haven't even told me about that
 of them is **Eira**. That would have a bit different quantum. So, it's all

Page: 55

 ShAions carry the **EirA** currents They create what are spheres known as the Alon,

Page: 58

 You have an **Eira**, which is a certain type of energy. You haven an

 You haven an **Eira** that forms the 13 point You have a Prana-chi

Page: 60

 ManU charges from **EirA** and ManA coming together to spark ManU, which is, again,

 2/3 base **EirA**, which is negative charge and the ManA is positive charge.

Page: 63

 chi, that"s the **Eira**, and at the center of that, the part that opens,

Page: 102

 whether it"s the **EirA**, the ManA or the ManU, ok? And, when we do

Page: 103

 12 females representing **EirA**. And when the females in the middle ring are doing

Page: 129

 things called "**Eira**" units that are actually the ... I think they"re connected

Page: 130

 also have the **Eira** Force, which is the back-pull force And we have

 interacts with the **Eira** Force which is pulling backward, and somewhere in the middle

 it is the **EirA** Side, the Spirit Side, pulling against the manifesting side that

Page: 205

 ManA which is **EirA** which is Prana. They are all different types of geleziac

Page: 238

 carrier and the **EirA** carrier. These go through a process that I can"t believe

 gives to the **EirA** basetone on an equal amount of energy so it gives

 charge where the **EirA** has a negative charge. The ManA gives 11 2/3rds

 and the smaller **EirA** base tone key, it creates a situation where you have

Page: 239

 11 2/3rds **EirA**, and it leaves what"s called the quantum differential, with is

Page: 240

 ShAions carry the **EirA** current or the base tones so there"s these structures that

Page: 249

 that hold the **Eira** frequency, which is negative charge base 11 2/3rds strength,

the Shaion the **Eira** at 11 2/3rds negative charge. So, this is the

Page: 250

-  is called the **Eira** unit and it has a split Prana unit where it
 -  seed and the **Eira** is the top one that holds the two together. The
 -  because of the **Eira**, and the Eira ion point This is the creation point
 -  Eira, and the **Eira** ion point This is the creation point that opens the
-

Page: 252

-  which is an **Eira** unit and that is, I don't The MCEO Freedom Teachings
-

Page: 253

-  lot about the **Eira** other than the fact that it is there. But these
-

Page: 271

-  Prana or an **EirA** ... it is negative or positive charge? You have to
-

Page: 281

-  associated with the **EirA** energy and the Ohm with the ManA energy. So, the
-

Page: 287

-  Spirit energy is **EirA** based, and the ManU energy is the two of them
-

Page: 341

-  about ManA and **EirA** and those kind of things. But Prana, the first time
-

Page: 352

-  which were the **EirA** carriers and their different types of frequency. And of course,

-  And of course, **EirA** is a negative charge base 11 2/3rds, ManA is

-  Tone Crystals, the **EirA** carriers and they are at the 8.51ayer. The 8.51ayer is
-

Page: 375

-  would have the **EirA** main which is where the Spirit Body manifests And it
-

Page: 386

-  this way and **EirA** negative charge currents of the Spirit Body going this way.

-  the ManA and **EirA**. There is lots of different currents as we've seen. There
-

Page: 387

-  stays with the **EirA** force in Spirit- and then you have Mana, with a
-

Page: 389

 is where the **EirA** Spirit energy is running, and they exist together and they're

Page: 398

 or carrier of **EirA** energy, right So it has a positive ManA field around

 because ShAions are **EirA** energy magnetic, you know considered female- they said "no"

 and the predominately **EirA** type of energy over here, and at the center of

 have the outer **EirA** field, but inside of that you have the Alon Ring

Page: 402

 out right, and **EirA** going back, and at a certain point here, I'm not

Page: 408

 is called the **Eiradonis**. And this is something, by the end of this sequence

 out about The **Eiradonis**, I've ... this is the part, part of the missing

Page: 417

 which would carry **EirA** energy. And then a positive charge ... what do they

Page: 418

 would have its **EirA** field; negative charge EirA field, out here and it would

 field; negative charge **EirA** field, out here and it would have the positive Prana

Page: 421

 into ManA and **EirA**, all right Now at this point, up above the Creation

 forward; you have **EirA** frequencies or currents, going out backwards. What you also have

 Spirit currents are **EirA** 11 and 2/3rds negative charge ... pulls that much,

Page: 422

 breaks into an **EirA** current this is how we used to do (Ash

 (Ash inhales) **EirA** in, or ManA out, EirA in ... this would be

 or ManA out, **EirA** in ... this would be the EirA, in-breath, which

 would be the **EirA**, in-breath, which is a negative charge, 11 and 2/

 and 2/3rds **EirA** return So the EirA currents go back to the first

 return So the **EirA** currents go back to the first transduction point, all right,

 3rds, take an **EirA** 11 and 2/3rds away from it, it leaves you

 comes into the **EirA** Spirit Field, which is 11 and 2/3rds negative, there's

 what's called an **EirA** displacement, where that quantum coming in ... of joules coming

 called ... the **EirA** that's there gets displaced and turned around, where you have
 something called the **Eira** currents, that are 11 and 2/3rds, but with a
 intersects with the **EirA** current that's coming back from here. So, the EirA current,
 here. So, the **EirA** current, negative EirA of 11 and 2/3rds negative charge,
 EirA current, negative **EirA** of 11 and 2/3rds negative charge, intersects with the
 intersects with the **Eira**, which is the ... used to be the EirA, but
 to be the **EirA**, but it's now 11 and 2/3rds Eira with a
 and 2/3rds **Eira** with a positive charge ... they bind there. They bind
 unit called an **Eiradon** or Eirons and Eiradons. These Eiradons form ... you have
 or Eirons and **Eiradons**. These Eiradons form ... you have the part of the
 and Eiradons. These **Eiradons** form ... you have the part of the Spirit that
 is called the **Eiradonis**. It forms the Eiradonis body. This is about 18 inches

 we have the **Eiradonis** that should be giving it the exact template. And that

"Raising the **Eiradonis** the Resurrection of Eternal Life" This is the re-integration currents of the **Eiradonis** get to come into the body because of that offset through, where the **Eiradonis** comes through. Now, usually you do it when you're laying would pull the **Eiradonis** up first, fully into the physical body, and then up to raise the **Eiradonis**. And we raise it above our bodies, and as it "cleansing" the **Eiradonis**, cause it won't harm the Eiradonis. The Eiradonis holds the won't harm the **Eiradonis**. The Eiradonis holds the "perfect pattern" that's a reflection the Eiradonis. The **Eiradonis** holds the "perfect pattern" that's a reflection of the to cleanse the **Eiradonis** while it's hanging up above us, using the HarA-Krysta way, when the **Eiradonis** goes up, the Spirit body template comes up with it natural place, the **Eiradonis** moves back to its natural place, and the imprint of Raising of the **Eiradons**" is ... has to do with being able to Slide other, of the **Eiradonis** rising on occasion.  our own personal **Eiradonis** encryption that would be in that shield. Then we will
 our own personal **Eiradonis** imprint, our own embodied Spirit imprint, but we'll be doing
 we get our **Eiradonis** risen up above us, that will be a point where

 to bring the **Eiradonis** up that far- that is the point when it reaches

 will push the **Eiradonis** gently, but firmly, upward, and the Spirit body will come

 and raise the **Eiradonis**. Notice that as it rises, and you begin to see
 side of the **Eiradonis** go up in front of you, that there is a
 or what your **Eiradonis** looks like. Try to see what areas have most concentrations
 covering the entire **Eiradonis** body, and then there will be clumps of things in
 looking at your **Eiradonis** body up. Now we will begin the cleansing of the
 cleansing of the **Eiradonis**, with the HarA-Krysta frequencies that are being reinforced and
 side of your **Eiradonis** body. Now imagine that you are laying inside of a

 down through the **Eiradonis** body first, and notice as it comes through the Eiradonis
 comes through the **Eiradonis** body, you see little puffs of cloud emerge off the

emerge off the **Eiradonis** body as this rain transmutes the oily residue of the miasms off the **Eiradonis** body. Feel the rain, the beautiful Aqualene rain come down back of the **Eiradonis** body, and it keeps going upward through the Eiradonis body, upward through the **Eiradonis** body, all the way up and into the sky where in you, your **Eiradonis** body, your embodied Spirit up above you, your Rash a you, cleansing the **Eiradonis** body, enlivening the Spirit body, reawakening the Spirit within the come into the **Eiradonis** body, and it will be brought back into our physical body as the **Eiradonis** passes back through. Just think in terms of Zero-G,

Page: 437

back to the **Eiradonis** body, we will notice now that all of the up with the **Eiradonis** body has now gone, and there just seems to be it, and the **Eiradonis** body is shining brightly now, even much more brightly than this fully strengthened **Eiradonis** body will be brought back down into our physical bodies, will bring the **Eiradonis** body down, back into the physical body. As you do Spirit body, the **EirA** body moves back down a bit but not all the some of the **Eiradonis** energy from the Eiradonis body right into the AzurA and energy from the **Eiradonis** body right into the AzurA and hold it for a The spark of **Eiradonis** will travel from your navel, right down through your body, will bring the **Eiradonis** body back into its natural position. We will inhale ... push down the **Eiradonis** back down through your back into a position about 18 a stream of **Eiradonic** sparkly light that connects your AzurA to the AzurA of AzurA of your **Eiradonis** body, that makes a little Eiradonis cord that goes from makes a little **Eiradonis** cord that goes from the back of the AzurA to front of the **Eiradonis** body, and that cord will stay there. And there is extends from the **Eiradonis** body all the way back further, into the body of the body of **EirA** or the body of Spirit And now, we are going area from your **Eiradonis** body. So, inhale and collect the sparks into the tailbone. cord of the **Eiradonic** light comes up from the tailbone right into the AzurA

 structure embodying the **Eiradonis** structure, and de-densifying to a certain degree. When we
 is where the **Eiradonis** and atomic remerge and progressively fold the structure back toward
 of progressively integrating **Eiradonis**. So, when we get to the point of completion of
 first integrating the **Eiradonis**- where the ElorA side, our side, integrates its Eiradonis- which
 side, integrates its **Eiradonis**- which is the Ad jugate Spirit or the spirit part

 AquA"elle is the **Eiradonis** level of the M-31 Matrix. That is our Host

 as the ELum-**Eiradhona**. This is the LUma Eterna inside of it Down here,

 of the ELum-**Eiradhona**, all of these end up as Probabilities of manifestation, and
 together and their **Eiradonises** pull together, come into the center, into the HaRA-Krysta

Page: 19

 of the ELum-**Eiradhona** body, this is where you're seeing actually 48 cells. You
 which is our **Eiradonis**, you have another 12 on the ElorA side. So, this
 which is our **Eiradonis**. And, with the AdorA manifest system, you would have the
 would be their **Eiradonis**. And there's a point in time in this center here
 of the ELum-**Eiradhona**, that is where you have the 8 cell cluster of
 Fire. But, the **Eiradonis** goes in and comes back out again and that is

Page: 21

 in through the **Eiradonis**, merging it 1st with its Eiradonis here, in order to
 1st with its **Eiradonis** here, in order to reset its Divine Blueprint enough so
 doing a rapid **Eiradonis** Integration. And, Eiradonis integration, which means it is moving toward
 Eiradonis Integration. And, **Eiradonis** integration, which means it is moving toward what is called
 in 1 ELum-**Eiradhona** body ... so, there's just showing you ... and all
 through the AquA"elle **Eiradonis** Matrix, and then progressively into what would be the natural

Page: 22

 of the ELum-**Eiradhona** when you look at its Eyughas as well as its
 the Cosmic ELum-**Eiradhona**. They've said we are in Vector 4. This is our
 level of ELum-**Eiradhona**. And, that would also have its 12 Allurean Chambers, but

Page: 23

 Spirit body, ELum-**Eiradhona**. And, in the Cosmic Eukatharaista body, here's where we are
 is resetting, via **Eiradonis** integration And, that is the part that is going to

Page: 24

 which is our **Eiradonis** all right Over here, on the AdorA side you would
 which is their **Eiradonis**. And, when they would do their natural phase cycling thing,
 and then the **Eiradonis** would stay out and it would go partially in, and

Page: 25

 AquA"elle gates, the **Eiradonis** gates They are our Host gates They're in the same

Page: 27

 integration of the **Eiradonis**, with the Gift of AquA"elle or linking to the ...

Page: 28

 the AquA"elle or **Eiradonis** gates So, we have the Andromeda 3, and we have

Page: 29

 AquA"elle system, the **Eiradonis** system That will hold the host. But the AquA"elle system

 its ... the **Eiradonis** equivalent is AR-tur-a, and that plugs into these.

Page: 32

 is when our **Eiradonis** embodies. And then the same thing is happening over here

 is when the **Eiradonis** on the AdorA side embodies. That period of engagement of

 the ELum -**Eiradhona** and you actually have these other- they're etheric energy, frequencies

 frequencies here, the **Eiradonis** ones, they are going to come in and stay And

Page: 45

 ElorA integrates its **Eiradonis** and pulls into the center and then sends back out

 back out an **Eiradonis** half-density body version of itself It bi-locates from

 not just their **Eiradonis** Bodies and Rashes--they will stay and remain. You have

Page: 50

 Vehicle with your **Eiradonis** Body and your Rasha Body inside. And now we're going

 up in the **Eiradonis** and Rasha Bodies ... and now we are going to

 and feel the **Eiradonis** Body and the Rasha Bodies inside of you and with
 to bring the **Eiradonis** up anymore. It will stay in now. It has, now
 you. Move your **Eiradonis** Body from your body into that Put a purple fog

 know as the **Eiradonis** and the healing attributes of working with the Eiradonis. But
 working with the **Eiradonis**. But even that we've moved beyond the Eiradonis, although we're
 moved beyond the **Eiradonis**, although we're still working with it, into Spirit body training

Page: 55

 Raising of the **Eiradonis** (Class-7), Journey to the Cosmic Halls of REisha-

Page: 65

 4 in the **ElumEiradhona** Cosmic Body. And we'll ... I will talk more about

Page: 69

 which is the **Eiradonis** level or the Ethos level of the Aqua"elle matrix, the

Page: 72

 of bonding the **Eiradonis** Body with the Rasha Body. So, that gives us more
 fully engaged the **Eiradonis** and it is with us in our body, so we

Page: 75

 This is our **Eiradonis** gate, let's say, and the second A refers to those.

Page: 76

 there is the **Eiradonis** level in what's called the Aqua"elle Matrix, or Aqua"elle Spirit
 or Aqua"elle Spirit **Eiradonis** Matrix. That is called Sha-La 3. So, you have

Page: 77

 in the Aqua"elle **Eiradonis** Matrix at the same angle as Urtha. You have over

Page: 79

 one, normally your **Eiradonis** Body ... we're down here on Vector 4 and that's
 here, and our **Eiradonis** Body, which is called the Ethos Body, would be here,
 Cycle starts The **Eiradonis** Body, or the Ethos when you're on this side, the
 name of our **Eiradonis** Ethos System here. So, over here is the manifest Aqua"elle
 Matrix, and its **Eiradonis** Body, which is our Spirit Body over on the opposite
 bodies from the **Eiradonis** Bodies. And at the end of the KaLE Hara cycle,

Page: 80

 other, where the **Eiradonis** Body progressively merges with the atomic structure of the matter
 fully integrates its **Eiradonis**, and it reaches a de-densification state sufficient to allow
 is of the **Eiradonis** level. Alright? Now, the host has to catch up with

Page: 81

 was integrating the **Eiradonis** that it had engaged and fully aligned with. Then it
 integrating it's Eiros **Eiradonis**, right And when this one starts, when this Fold occurs,

Page: 82

 structure and the **Eiradonis** convert into Liquid Light Then the Liquid Light down here

Page: 95

 also have our **Eiradonis** which is the Ad jugate Spirit, and that means our
 resonance of the **Eiradonis** and Rasha Body, even if you're going to Bhardoah out,

Page: 96

 or in the **Eiradonis** state And then if you can go through that, then

Page: 102

 3 on its **Eiradonis** level. And then there's the tilt one that is the
 Matrix-and its **Eiradonis**, Sha-La, will follow ... its cycle 2 will be
 is in the **Eiradonis** level of that same system Then there is another cycle

Page: 103

 structures of the **ELumEiradhona** and all of that We'll get to that Yeah. A"zah
 fit into the **ELumEiradhona** structure, so we can see our micro version of it,

Page: 105

 are. So your **Eiradonis**, your Ethos, is with you now. It's in register with
 ones that run **Eiradonis**. They're actually in the eyes. See the eye shapes that
 consciousness and the **Eiradonis** and the Rasha Bodies out and then progressively vaporize
what

Page: 106

 they're of the **Eiradonis** frequencies, the Adjugate Spirit If this is our vector here,

Page: 108

 combined with the **Eiradonis** Body-because your Eiradonis Body is in you now, it's
 Body-because your **Eiradonis** Body is in you now, it's with you-and feel

 now use the **Eiradonis** and combined Rasha Bodies to do actions that you need

Page: 113

 is the Elum-**Eiradhona** Body. I don't know how many of you are familiar

 familiar with the **ElumEiradhona** and I hope you're at least somewhat familiar with it

Page: 115

 we've got ELum-**Eiradhona**, we've got LUma Eterna, we've got DaLA- LUMas, we've got

 something called the **Eira**-Dhani Breathing Tube, Eira-d-h-a-n-i, this

 Dhani Breathing Tube, **Eira**-d-h-a-n-i, this has to do with

 Dhani Breathing Tube, **Eira**-Dhani Breathing Tube. And these things are essential where they

Page: 121

 seen the ELum-**Eiradhona** stuff yet, it will be confusing. But we're on a

Page: 131

 already engaged the **Eiradonis** Body in the KaLE-Hara Cycle. The Stage Two Cycle

 merging of the **Eiradonis** frequency with our atoms here that re-spiritualizes the atomic

Page: 135

 of the Elum-**Eiradhona** Body, for anybody who hasn't seen that This is the

 called the ELum-**Eiradhona**. The smaller part that is a replica of it, and

Page: 136

 structure through the **Eiradonis** Body, it becomes what is called the Gha-Far. And

Page: 137

 actually is the **Eiradonis** Body. So, this is just showing one level-one dimensional

 frequencies which are **EirA**-based frequencies. And over there on the AdorA side it

 you here. The **EirA** side, where the ManA came out to make the manifestation

 the manifestation and **EirA** went in the other direction out the other vector to

Page: 138

 shape of the **ElumEiradhona** Spirit Body, it would be smaller than the whole thing

 of the Elum-**Eiradhona**, that's called the Luma Eterna, and smaller than that It

 between the Elum-**Eiradhona**, at the 11.5. It's 12 is at the 11.5, and

 from the Elum-**Eiradhona**. Right? The larger ones. And that's the energy, those larger

 Spirit Body Elum-**Eiradhona** births. We covered thaL actually we started covering that, I

 grows the Elum-**Eiradhona** Spirit Body. It also, its structure not only just resembles

-  ManA and no **EirA**, basically, if you want to look at it in simple
-  center of the **ELumEiradhona** structure, where you have Ketheric energy that is ... it
-  be in the **EirA**. If you have Etheric, one-third of it would be
-  be in the **EirA**. If you have Telluric, two-thirds of it are ManA
-  is in the **EirA**. So, this gives you it was this structure that started
-  is the ELum-**Eiradhona** ... the Luma Eterna is this size. Alright? That was

-  which is your **Eiradonis** Body that we've been working with ever since Kathara 1,
-  and the ELum-**Eiradhona** would be. That's that center point right there. The center
-  Ethos up, the **Eiradonis** Ethos up, right? The Eiradonis on this side is called
-  up, right? The **Eiradonis** on this side is called Ethos, and for ages, with
-  here, and the **Eiradonis** Body here. But we end up with some very interesting
-  Spirit or in **EirA** form Not in the Adora side. The MCEO Freedom Teachings

-  of the ELum-**Eiradhona** Body. It gets really complicated trying to find who is
-  God. Who is **Eiradonis**, who is Eiros, who's my twin? Because we've got Adjugate
-  which are the **Eiradonis** ones. There are several others that I can't .. oh,
-  we have the **Eiradonis** Body that kind of stands at the door, right behind

-  will show the **Eiradonis** Body. Almost there. When we get done with this, I
-  talking about the **Eiradonis** Body, our Density Body is the Eiradonis Body. It's a
-  Body is the **Eiradonis** Body. It's a natural part of our structure Its home
-  this is our **Eiradonis** Body at the center point, and that is where the
-  of the Elum-**Eiradhona** Body, or the Luma Eterna first, and then the Elum-
-  then the Elum-**Eiradhona** Body. So, there's something interesting that happens with this. The
-  with this. The **Eiradonis** Body, what it is supposed to do on a regular
-  is called the **Eira**-Dhani Breathing Tube, that is vertical. It is a core
-  This is the **Eiradonis** Body, right? So, standing behind the physical body, in that
-  certain times, the **Eiradonis** Body is supposed to step out Right? It's a movement
-  would draw the **Eiradonis** Body into a step-out Now here is the sphere
-  sphere. Before the **Eiradonis** was back here, which put it behind where the physical

 happen. When the **Eiradonis** Body steps out from the center point, the Creation Point,
 Spirit, with the **Eiradonis** energy, which is called Ketheric energy, which is normally at
 Telluric and the **Eiradonis**. That would be the first, and The MCEO Freedom Teachings

Page: 144

 the three, the **Eiradonis** energy, the Telluric Body energy and the Etheric Body energy,
 characteristics of the **Eiradonis** energy that is Ketheric, and part of the Etheric characteristics.
 is called the **Eiradi**. They call this the Eiradi layer of the Luma Eterna,
 call this the **Eiradi** layer of the Luma Eterna, which is the inside part

Page: 145

 Telluric and the **Eiradonis** Body to bond, and then the energies from here ...

 This is the **Eiradonis** Body. It is on its resting stage It's not in
 actually have the **Eiradonis** Body. The spheres start to shift when the step-out
 bond between the **Eiradonis** and the Telluric Body to begin. We will, by

Page: 147

 I Here's our **Eiradonis** Body. Here's our physical body in there. Here's our Mental
 one is the **Eiradonis** Body Gha-Fa " A ctually the first one you
 there through our **Eiradonis**, and our Etheric Body, through our physical body, into our
 the same Elum-**Eiradhona** Body, right? With the same center? But it's where the
 Eterna and Elum-**Eiradhona**. Now, at least we know where the Gha-Fa" is.

Page: 148

 opening of the **Eira**-Dhani Breathing Tube, and that will trigger opening of the

Page: 149

 space that the **Eiradonis** Body would be in cause it's on the center line.

Page: 151

 I get the **Eira**-Dhani Breathing Tube, ok ... all right, what, what? You
 can open the **Eira**-Dhani Breathing Tube and breathe in Trans-Vector Adjugate Current
 Dhani Tube, the **Eira**-Dhani Tube. So, they're referring to it in short-speak
 Dhani Tube," the **EiraDhani** Breathing Tube that we saw-that's the vertical one that

-  of the Elum-**Eiradhona** that is at the center of the Elum-Eiradhona. It's
 -  of the Elum-**Eiradhona**. It's about runs to the 1/2 diameter point in
 -  with the open **Eira**-Dhani Breathing Tube within the Core of the Eira-Dhani
 -  Core of the **Eira**-Dhani Breathing Tube and Bhardoah Chamber intersection point, at the
-

-  Interface of the **Eira**-Dhani Tubes, AdorA 10 Adjugate Currents, with the Gha-Fa"
 -  bond with the **Eiradonis** Ethos " And we won't even get into whose twins
 -  which is our **Eiradonis**, and that is actually the Ad jugate Spirit, A 10
 -  Interface of the **Eira**-Dhani, AdorA 10 Adjugate Currents" which represent base tones ..
 -  bond with the **Eiradonis** Conduit Twin Overtone within the 02 Telluric Body, allowing the
 -  bond with their **Eiradonis** Ethos and Gha-Fa," A 4 Harmonic Resonant Tone, Prana"
 -  particular combinations of **Eiradonis**, the Harmonic Twin and the Adjugate Twin together in the
-

-  interface of the **Eira**-Dhani Adjugate Currents, with the GhaFa" AdorA 4 Harmonic Sound
 -  Currents, allows the **Eiradonis** and the Telluric to bond, to begin the Transfiguration of
 -  bonding of the **Eiradonis** A 10 Spirit, which is the Adjugate Spirit, and the
-

-  Bond with the **Eiradonis**" Now this is the process that we talked about before,
 -  we've engaged the **Eiradonis** and brought it up and it is with our body,
 -  process of the **Eiradonis** energies, which are Ketheric, bonding with our Telluric and Etheric
 -  bond with the **Eiradonis** and the Gha-Fa" to become an embodied Gha-Far,
-

-  to engage the **Eiradonis**" So, if they didn't engage the Eiradonis during the Ka-
 -  didn't engage the **Eiradonis** during the Ka-LE Hara Cycle, a similar process as
-

-  opening of the **Eira**-Dhani Breathing Tube by which the Gha-Fa"s, all the
-

-  opening the Cosmic **Eira**-Dhani Breathing Tube and the Cosmic Gha-Fa" Line, the
-

 of the Cosmic **Eira**-Dhani Tube this implies, was not due to occur until 2012-

Page: 167

 Opening the Cosmic **Eira**-Dhani Breathing Tube and Cosmic Gha-Fa" Line through the

Page: 168

 Opening the Cosmic **Eira**-Dhani Breathing Tube and Gha-Fa" Line through the AdorA

 expediting the atomic, **Eiradonis**, elemental merger enabling one to achieve one quarter Keriatric Transfiguration

Page: 170

 us through the **Eiradonis** alright. So this Shield of Solomon set of codes of

Page: 171

 ManA or an **EirA** thing because there are male bodies that are more EirA

 that are more **EirA** oriented and there are female bodies that are more ManA

 more of the **EirA** energy, the magnetic mamas I like to call them (

 not your dominant **EirA** person, but it may be like you're just running through

 through a heavy **EirA** period is the sugar cravings stuff right, which actually sets

 you're drawing more **EirA**, you draw more EirA and you kinda fill out everywhere

 you draw more **EirA** and you kinda fill out everywhere and you become like

 characteristic of how **EirA** bodies handle the kind of activations that are happening on

Page: 172

 that For the **EirA** based people, you know, the people who are running more

 magnetics or the **EirA** energy, what they've told me and they said I could

Page: 174

 out with the **Eiradonis** Body and a thing we do with stuff we brought

Page: 176

 a Body and **Eiradonis** Body while Eiradonis Body is in cause it's already engaged

 Eiradonis Body while **Eiradonis** Body is in cause it's already engaged in the Physical

Page: 179

 opening the Cosmic **Eira**-Dhani Breathing Tube. And at that point we will actually

 to open the **Eira**-Dhani Breathing Tube they'll have us stand up and kind

 step out the **Eiradonis** out in front And then there is a specific way

 step out the **Eiradonis** and then we're going to inhale into the AzurA in

 normally when the **Eiradonis** is behind you it is the centre of the Eiradonis

 back and the **EirA** goes out and forms a Spirit Body. The Prana that
 interacts with the **EirA** from Spirit Body and together they end up forming the
 up forming the **Eiradonis** structures in between them so there's Eiradonis on this side
 them so there's **Eiradonis** on this side and Eiradonis on that side. This is
 this side and **Eiradonis** on that side. This is showing you a basic structure
 Line within the **ELUMEiradhona** Cosmic Body. Now the Cosmos has this, the universal level
 eventually the ELum-**Eiradhona** Body forms. And there are all sorts of things. Like

Page: 16

 be where the **EirA**, where ManU energy breaks down into EirA and ManA and
 breaks down into **EirA** and ManA and that begins the process of projection out,

Page: 17

 of the ELum-**Eiradhona** Spirit Body, because this has to do with time Vectors,

Page: 21

 is the Elum-**Eiradhona**, and it has several parts to it. The LUma-with
 So the Elum-**Eiradhona** Body-there's going to be massive things to learn about

Page: 22

 of the ELum-**Eiradhona**, the Cosmic Spirit Body. There's also many little ones like

Page: 23

 is where our **Eiradonis** comes from, is our adjudgate side. So the first part
 structure with the **Eiradonis** body, which progressively de-densifies it to a certain point,

 15 Suns of **Eiradhona** Domain Projection Bodies "Space-Time-Matter Domains" Will we
 would be the **EirA** Body and the ManA Body, alright? And you'd have also
 that is your **Eiradonis** Body. So the simplest way to understand this, is when
 when we say **Eiradonis**, you're dealing with the Adjugate Spirit. When we say we're
 we/las the **Eiradonis** Body. The first stage in Starfire is bringing the Eiradonis
 is bringing the **Eiradonis** Body, in merging it with the EtorA Body. The second

 Gate of AshalA **Eiradonis** to the AdorA side manifestations. Just like their Spirit Body
 Body is our **Eiradonis**. And it is the combining of these two first, then
 two, with their **Eiradonises**, and then bringing them all together into the center, that

 when the Elum-**Eiradhona** Spirit Body births. At that same point, the lauren Point
 in the Elum-**Eiradhona** Spirit Body from the lauren. So, you have the lauren,
 center of the Elum-**Eiradhona**. Comes up to the Yunasai, which is the Inner Seed

 Body with the **Eiradonis** Body. But eventually, as our Eiradonis Body merges with our
 eventually, as our **Eiradonis** Body merges with our Physical Body more, we will progressively

 which is our **Eiradonis**, and vice-versa. So, it's bringing the four together: Two
 four together: Two **Eiradonises**, right, and two Manifest Bodies, completely together:
Manifest and Eiradonis,
 together: Manifest and **Eiradonis**, Manifest and Eiradonis; then, the two sets together in the
 Eiradonis, Manifest and **Eiradonis**; then, the two sets together in the center. And, that
 to the Elum-**Eiradhona** shape where you not only ... first you bring together

 just showing the **Eiradonis** Body. This is why what we had to do when
 we Raised the **Eiradonis**, we had to lay down on our backs. And when
 can pull the **Eiradonis** up through and into the bodies. So, this has been
 But, Raising the **Eiradonis** is: when you lay down in that chamber, you know,
 how using the **Eiradonis** can clear the structure of what is called the Time

 know." So, anyway: **Eiradonis** Body, regular body, Spirit Body. And, just notice the Eiradonis
 just notice the **Eiradonis** Body is facing and moving energy in the same direction
 Body, and your **EirA** Energy, which would be your Spirit Body, is moving in

Page: 43

 Raising of the **Eiradonis**. And that is giving us back the ability to progressively

Page: 46

 all about the **ELumEiradhona** Spirit Body structure, and the Halls of Records, and the

Page: 47

 structure; the ELum-**Eiradhona** Spirit Body, the Light Body structure. We've looked at little

Page: 48

 the Cosmic Elum-**Eiradhona** Body. And, first we're going to look at this, which

Page: 49

 where the Elum-**Eiradhona** Body-I'm so tired from bringing down that wave that,

 of the Elum-**Eiradhona** Body on a smaller level, not the big one that

Page: 50

 is called the **Eiradonis** Energy that is the Adjugate's Spirit that rides in the

 Adjugate Spirit, or **Eiradonis** Gates called AquA"elle, would be running on this natural axis,

 of the ELum-**Eiradhona**, there are 12 Event Horizons, or Horizon Lines, that are

Page: 53

 other words, the **Eiradonis** one. So, that's the Conduit Twin. The Adjugate is the

 implies an ELum-**Eiradhona** Body, just like it implies a Light Body structure. So,

Page: 56

 is made of **Eiradonis**, which would be the Eiradonis from the other side, which

 would be the **Eiradonis** from the other side, which is Ethos Energy, which is

Page: 57

 Rasha with your **Eiradonis** Body, and take them both. And then, at a certain

 ... when the **Eiradonis** Body fully integrates into the Atomic Body that will be

 of the Elum-**Eiradhona** Body. So these are the Spanner Gates we talk about.

Page: 67

 of the Elum-**Eiradhona** Spirit Body. And there's one on each of the levels-

Page: 75

 charge energy, and **EirA** energy 11% negative charge energy. And that is what the

 AquA"elle Matrix-our **Eiradonis** Matrix On the same axis, North is North but vertical

 we integrate our **Eiradonis**, these are the frequencies of energy, and Radiation that we're

 Ad jugate Spirit **Eiradonis** with it, alright. Then there's other Twins that we'll get

 it integrates the **Eiradonis** into the manifest system, which de-densifies the manifest system

 It brings the **Eiradonis** up. It keeps bringing the Eiradonis up until finally, they
