 as full-on **FAtaIE** because in the last lifetime - the lifetime directly before

 progressively as the **FAtaIE** activated the gene code, it would progressively absorb the rest

 who's an embodied **FAtaIE** that didn't start out as an embodied Krystic. So it

 targets for the **FAtaIE**. And so there's a compassion factor even though FAtaIE have

 factor even though **FAtaIE** have a really interesting dilemma within themselves. Because it's like

 on several levels. **FAtaIE** don't have the luxury of integrating the full consciousness. You'll

 have the larger **FAtaIE** Consciousness Structure that kind of hangs out in overshadow and

 problems with the **FAtaIE** that is very difficult if you happen to be one,

 people that have **FAtaIE** Affliction With the activations that are coming through now, they

 call out where **FAtaIE** issues are getting to the point where they are going

 to help the **FAtaIE** if they want assistance, but we're not going to force

 Now assistance for **FAtaIE** and Krystics alike comes in the form of the protection

 at So for **FAtaIE** and for Krystics alike, when the- what do they call

 a part of **FAtaIE** as they are of a Krystic. Everybody has connections with

 allow the full **FAtaIE** where you have this overshadow Overlord actually directing your actions

 part of the **FAtaIE** that is the big mind behind the smaller part that

 Dark Flowering with **FAtaIE**, the person that is embodied that is under that affliction

 want to play **FAtaIE** or not anymore. And this will ... when these bands

 like when the **FAtaIE** stuff activates or the Dark Flower activates; it starts activating

 if you're like **FAtaIE** or whatever and, you know, hell-bent on torturing Krystics,

 regardless of what **FAtaIE** throw at them, they are still going to stand and

 writing to general **FAtaIE** as well as Krystics, but also to the FAtaIE. And

 also to the **FAtaIE**. And it has to do with the Dance of Lila
