 things that the **Beloveds** taught me-the apparent paradox of that and things like

 that part and **love** it Hey that job is keeping you on planet, in

 be having this **lovely** capsule that you won't see around you, but it will

Page: 37

 about, because the **Beloveds** know what needs to be done to stop that from
 that happen. The **Beloveds** are not going to let that happen. They know how
 got home, the **Beloveds** confirmed that was a fly-by, which means we're entering

Page: 38

 it's by the **Beloveds**. So, they are going to show us how to put
 all along. The **Beloveds** have known about it all along. They can see this

Page: 39

 through. What the **Beloveds** will do is we'll still take lists, but there will
 go with the **Beloveds** and just literally they'll do a stripe thing and they'll

Page: 73

 characteristics that the **beloveds** on Urtha know as Urtha. There will be locations here,
 work with the **Beloveds** to open the Ascension Chambers to the middle zone-the

Page: 75

 online with the **Beloveds** because there's little like holes that they can still get

Page: 76

 our dear fallen **beloveds** up there on the hibernation zones are hell bent on

Page: 77

 people that I **love** that I know from other lifetimes that are family and

Page: 81

 and when the **Beloveds** showed us where certain key marks going upward are, we

Page: 82

 point where I'd **love** to invite certain collectives to public debate. But we'll wait

Page: 86

 races. What the **Beloveds** want to do is to be able to, yes, the

Page: 87

 conversation that the **Beloveds** facilitated that I had with this Soul that calls itself

 that we still **love** it and that we don't need to be sad because

 So there's a **lovely** relationship you begin to develop with the Earth itself We're

 We have a **lovely**, beautiful house up in Colorado that I haven't seen since

 it's something the **Beloveds** asked as __ (a gesture?). Ok, you're going to

 information ... the **Beloveds** have given enough information to provide a pretty darn good

Page: 123

 they would have **loved** to have taken me out. And the smoking did keep

 we're still, the **Beloveds** are working with us on what the Aquafereion from the

 or the "**Love,**" which is the Consciousness Field that they refer to as

 Carrier of the **Love**. Yes, can you bring that down a little, honey, please.

 that Spark of **Love**, the "LaVa Spark," they literally create .. the 7

 the Flow of **Love**-LaVa all right It is the La field combined with

Page: 137

 bring back the **Love** Flow or the LaVa, the La and Va Flows, from

 Eternal Flow of **Love** through the Krist, from the huge un-quantifiable Consciousness Field

 natural flow of **Love** between them. We are opening the flow of the love

 flow of the **love** back into the electron so we can begin the process

 and becomes the **Love** and begins to flow and circulate to form the fullness

 or the "**Love**" and this is where we're going to be taken on
 ... it's making **Love** (chuckles), right, making LaVa ... that just fell through
 of opening the **Love** and progressively it allows for that to come out into

Page: 140

 you know, this **lovely** color and my starbursts are all out and that means
 the Flow of **Love**. We have found the Love and we have found the
 have found the **Love** and we have found the Spirit, indeed we have. It's

Page: 146

 kicking and the **Beloveds** are still talking to us and showing us how to

Page: 149

 there with this **lovely** Aquafereion Shield running through it Eventually, when you go into

Page: 150

 gift of Eternal **Love**, or the LaVa, the Living Blood, Krystal Blood of the
 Body Activations. This **love** is not just for us, it is also being brought
 pick up, the **Love** of the Krist, we will be able to be, for

Page: 151

 LaVa or the **Love** into the center of what we refer to as the
 of bringing the **love** back in to the Hydrogen, we will be taught, not
 of bringing the **love** back into the waters and the fluids within our body
 the spark of **Love** that opens inside where the Neutrons should be in the

 vibrates in a **lovely** way. Inside of this drop of Mana rain, there is
 to bring the **Love** of the Krist Body into the atomic structure, we will,
 a quantum of **love** LaVa is very, very powerful stuff You don't need a
 this gift of **love** from your Spirits and from God Source, and save it

Page: 160

 of spinning LaVa, **love** ... and 1 and 2 and 3, exhale sharply. Imagine
 a sphere of **Love** is spinning around us, LaVa protecting us. But imagine you

 in to the **lovely** Aqua fog. This is the birthing vapors of what will
 that substance is **Love**, the LaVa that we were given the gift of as
 the Returning the **Love** to the atoms, there is a way to approach this,

 a small but **lovely** burst of LaVa as it amplifies within the body's networks
 it As the **Love** hangs in a ball right now in the center of

 out there. I **love** it when we even get to the stage where we

 monitored by the **Beloveds** when they bring in transmissions of information It has to

 yet, that the **Beloveds** will let us know about In the last class in

 which means the **Beloveds** could do them the way they wanted, without us at

 They [**Beloveds**] want a visual hanging out there, so you can see

 back and the **Beloveds** confirmed it, that they had given fly-by"s. They had

 teach their Light-**Love** & Clueless ... everything from Archangel Michael to Thothian Paraclete

 there is just **Love**, HUGE Love that radiates. What who is this? What is

 just Love, HUGE **Love** that radiates. What who is this? What is this? No,

 I'm sure the **Beloveds** were facilitating it, because it was all direct cognition stuff,

 we had the **Beloveds** activate the complete Middle Domain RaSha Body that Tribes II

 So it's a **lovely** state to be in, the Krystar state, the fully Krysted

 all sorts of **lovely** stuff Whatever ... just to get you there. Why? Because

Page: 220

 large mountains and **lovely** blue skies. They each have names. These are the Aurora-

Page: 221

 slide, with the **Beloveds**, than we were planning on having to do, even at

Page: 228

 as what the **Beloveds** have said. I was, when I went over next door,

Page: 240

 on it we'd **love** to have every bit of the detail "cause it's

Page: 245

 She has a **lovely** job with bringing them to life We'll show her what

 from there. The **Beloveds** on the bigger level are working to slow that process

 right? [asks **Beloveds** quickly after she speaks this one part real fast] Good.

Page: 271

 and little uh, **lovely** things about Spirit that if you knew where it lived

Page: 275

 you can't make **love**, it means all sorts of things that get in the
 actually "make **love**," are no longer in the way. Now you could take

Page: 277

 the tunnel of **love** and or LaVa. And this has to do with the

Page: 287

 the journey I **love** it. I wish I had time to go back but

Page: 288

 All urea of **Love**, the LaVa, the love, the Tunnel of Love. And this

 the LaVa, the **love**, the Tunnel of Love. And this is where these words

 the Tunnel of **Love**. And this is where these words actually came from. Its

 people- oh they **love** to play games and send us visions and send us

 to reach the **Beloveds** in a way to where they could get us to

 the Tunnel of **Love** journey, which is going all the way back into, through

 the Tunnel of **Love**, and you take a journey down the tunnel of love

 the tunnel of **love** until you pass through the creation point doorway, and go

 [laughter] I **love** that. We're getting good at that actually. [laughter]. Anyway,

Page: 291

 the Tunnel of **Love**, which is following the stream of the eternal blood of

 of LaVa or **Love** of the Allurea, first Eye of God, that becomes when

Page: 304

 to get this **lovely** aqua-blue glow around the outside of the iris, between

 you'd have this **lovely** blue/green glow around the eyes. [Laughing] But, that's

 that to the **Beloveds** when you say, "can I please come through the

 working with your **Beloveds** and your connections, and you happen to get a whisper

 anybody, because the **Beloveds** will. If they are of the Kristics and of the

 sites. When the **Beloveds** told us quite a while back that we were supposed
 in that the **Beloveds** just kind of let it rip on certain information They

Page: 2

 information that the **Beloveds** are officially disclosing is quite interesting There has been a
 "Come on **Beloveds** because I know something funky happened during that period." It's
 Activation Cycle. The **Beloveds**, as we know from the Voyagers books, the Beloveds had,
 Voyagers books, the **Beloveds** had, the Guardians had triggered an early activation of the

Page: 3

 things that the **Beloveds** revealed about this time period is something called the Atlantean
 shift agenda. The **Beloveds** will be able to stop the pole shift part but

Page: 4

 is why the **Beloveds** are beginning now in preparation for 2012 with the information
 T emplar the **Beloveds** had created the Arc of the Covenant Portal Passage between

Page: 5

 why, progressively, the **Beloveds** have activated the Polarian Interface Gate Systems, the Arc
of

 actually assist the **Beloveds** in moving the Arc of the Covenant back to the
 the reason the **Beloveds** are moving the Arc of the Covenant-first they're going

Page: 8

 done with the **Beloveds** for release next summer ... that ought to be interesting
 directly with the **Beloveds**. Because it is going to literally teach us a bit

Page: 9

 out of The **Beloveds** are making a big deal out of it. They're saying

Page: 12

 all right. The **Beloveds** are not foreseeing any major cataclysmic mess happening in the

Page: 13

 the time the **Beloveds** get done-I don't know how many Official Disclosure Installments

 love how the **Beloveds** can do this. If I had to explain to somebody

 is why the **Beloveds** are trying to let people know, well you can "

 I think the **Beloveds** have mercy on all of us but especially me when

Page: 17

 Krystal, when the **Beloveds** first took me there, I realized it was quite an

 of how the **Beloveds** worked it with me, and the way this is written

 transmission from the **Beloveds**, it's a different frequency, like the Voyagers books. That's "

Page: 36

the reason the **Beloveds** are bringing this information, even at this level, out is

Page: 40

 those where the **Beloveds** kind of came through like they do sometimes in the
 evolutionary destinies, positive, **love**-based, joy-filled things can be done in preparation for,

Page: 43

 part that the **Beloveds** hadn't talked about when they first gave the book *Voyagers*,

Page: 54

 That's why the **Beloveds** are bringing the other technologies in. Those technologies rely on

Page: 65

 up to the **Beloveds**, "Would you mind? Here's a name", and send an
 tired level, the **Beloveds** are saying that, as far as the technique, we will

 We've built a **lovely** Merkaba that is spinning there and waiting for its next
