 advanced level of **Plasma** Body mobility. So it's way beyond any Merkaba training that

 that's the Mitotic **Plasmas** ... the Personal Myotic Plasma Ray Host Vehicle. Right? There's
 the Personal Myotic **Plasma** Ray Host Vehicle. Right? There's the Ray Tail. There's that

 to activate a **Plasma** Body that, you know, that is your own and that
 Bhru's Dark Matter **Plasma** Field". So we're bringing that up into engagement with the
 with the Myotic **Plasma** Ray Host Vehicle Field. And it's when they come together

 but it's the **Plasma** level frequencies that are corresponding to when you first left

Page: 49

 "The Myotic **Plasma** Ray Host Vehicle Dimensional Scale" Now this is showing just
 with the Myotic **Plasmas**. It's also showing a Dimensional scale, alright? You have ...

Page: 56

 of the Myotic **Plasma** Host Field on top - come together and they open
 activation of the **Plasma** Flames within the Palms. And it's the Plasma Flames -
 And it's the **Plasma** Flames - we've had Flame Body Activations before that had
 we've not had **Plasma** Flame activations before in the Palm Chakras. And this allows
 been sensitized to **Plasma** Body Awakening and it's only people who, you know, who

Page: 59

 part- the Myotic **Plasmas** of the Wing set that would already be, you know,

Page: 60

 as a "**Plasma** 7 Frequency". See the $3 + 4 = 7$? And
 here ... a **Plasma** ... you know, a living Plasma field. You're bringing on

 know, a living **Plasma** field You're bringing on your own frequencies of living Plasma
 frequencies of living **Plasma** into your body. If you are a person that had

Page: 61

 activation of the **Plasmas** in the body where the ... it opens the seals

Page: 62

 it creates a **Plasma** Sphere between your Chakra 2 and your Chakra 5 up
 call it "**Plasma** 7". So it opens the Plasma 7 Field there. And
 it opens the **Plasma** 7 Field there. And it begins to open ... notice
 that sphere of **Plasma** within your, you know, your body structure I think that's

Page: 64

 Vehicle. It's the **Plasma** level of it. So hand position #4, it's the
 field -the **Plasma** field - from Chakra 1 there to Chakra 6 here.
 it expands that **Plasma** field around you. And again, all this is taking place
 and 6 equals **Plasma** 7 and opens a Plasma field around us to this
 and opens a **Plasma** field around us to this size. Alright and the Rod

Page: 65

 to project in **Plasma** Body. I do believe we're probably going to do ...

 the Fingers the **plasma** frequencies. So there's, you know, more to come on that.
 we've done the **Plasma** Freeze as of FOL 2012 and progressively have been working

Page: 84

 "Opening the **Plasma** Stream to the Halls of Cosminyahs & the Eternal AL-

Page: 86

 "Opening the **Plasma** Streams" and that's where we get ourselves online - our

Page: 87

 that are the **Plasma** DNA Templates that will come in and override any reversals,

Page: 88

 frequencies of the **Plasmas**, there will be a healing system based on that that

Page: 94

 to run those **plasmas** to make them available to others. And the more they

 of that, and **Plasma** Body. And then that means we've induced, actually, all, you

Page: 98

 waves that carry **plasma**. Yeah. And they showed it to me and it had

Page: 99

 about with the **plasmas** running through. And inside of it there was like this

 pregnant ball of **plasma** inside this undulating sound wave. And I'm like Whoa what

 sound that carries **plasma**, right? And something about that just took place in those

 are imbued with **plasma**. They're like impregnated with balls of plasma. And not just

 with balls of **plasma**. And not just balls- it's like a hollow space, like

 actually made of **plasmas**. So this is part of the stuff that we don't

Page: 100

 little bubbles of **plasma** in it. So we're on to something new here. Right?

Page: 101

 or whatever . **plasma** vision . in plasma tv I Where before when we

 vision . in **plasma** tv I Where before when we did one tone, I

 were those little **plasma** balls and the harmonic chambers inside of them. And that

 big mountain of **plasma**. And then it kind of went backward and forward like

 mountain range of **plasma**. And then it wasn't just peaks going up, it was

 of what the **plasma** sound waves can actually do. They're going to take us

Page: 102

 to those first **plasma** currents that we had to pass through to get anywhere

 AL-Hum-Bhra **Plasmas** along with that. And I think they've been waiting for

Page: 103

 thing using the **Plasma** Body Anatomies and things. So for those of you who

Page: 106

 in the Myotic **Plasmas**. So that is why you have a Mission Sphere that

Page: 107

 light, right, or **plasma**. So we're going to use an INHALE to draw in

 AzurA beams of **plasma** from all over, you know, from the Mission Sphere around

 bit so that **plasma** downloads a bit more. And then we're going to send

 INHALE of the **plasma** into the AzurA again And this time we're going to

 with your Blood **Plasma** on the physical body level. Try to just breathe that

 imagine your blood **plasma** right now, and like get an inner visual of it

Page: 108

 part from the **plasma** part of the blood. And imagine now as you're just

 envision the blood **plasma** - the clear part that isn't really clear, it tends

 you know, the **plasmas** come into it ... of the Myotic plasmas come into

 karma on the **plasma** levels is a lot harder to clear than plasma ...

 to clear than **plasma** ... I mean the karma on the like Light Body

Page: 110

 Light-Sound-Love-**Plasma**. And they like to come in just as the Light,

 they're connected with **Plasma** Body actually, but we can get these off So it's

Page: 111

 attacked with the **plasmas** from the Violet . you know, the twisted Violets and

Page: 112

 like a liquid **plasma**, but not as heavy as water So we're going to

Page: 113

 about of the **plasma** sound waves. Inside the sound wave there was this ...

 a string of **plasma** and there was like a ball like a pearl on

 Field and the **Plasma** Ships that it is actually made of- the mirror plate

 the mirror plate **plasma** ships -will actually come into, you know, full activation

 that is the **plasma** stream to the Halls of Cosminyahas and the Eternal AL-

Page: 121

 going to our **plasma** bodies and transmitting down through us here, out to there,

 part of the **Plasma** Body activation thing. Alright Okay they're having us do the

 turn into a **plasma** ball up there. And it has to do with the

Page: 124

 with the shapeshifter **plasma**-level codes. It could shapeshift itself to adopt a lobster

Page: 125

 of light and **plasma** frequency. So this is the beginning of really being able
